Coach Schedule Will Prove Boon to Defense Workers

Early Morning Coach Will Carry Workers to North Shore

Relief for the local transportation problem was seen this week with the announcement of a new schedule to be put into effect by the American Coach Co. on Monday, Oct. 5.

The new schedule for the lakes area-Waukegan was worked out in co-operation with the transportation committee of the Antioch Lions club, according to President A. K. Gerner of the coach company. The local committee members are also co-operating with Mr. Gerner in revising the Chicago schedule, which will be put into operation next week. That schedule also will provide for an early morning coach leaving Antioch for Chicago.

According to the new schedule for the lakes area, the first bus will leave Antioch at 6:45, arriving in Waukegan at 7:30 a. m., in ample time to permit workers to get to their places of employment by 8:00 o'clock. Later buses will leave Antioch at 12:15 and 4:00 p. m., arriving at County st., Waukegan, at 1:00 and 4:45.

Other trips from Waukegan will leave County street at 8:15 a. m., 2:30 and 5:00 p. m., arriving in Antioch at 9:00 a. m., and 3:30 and 6:00 p. m.

The full schedule may be seen on page 5 of today's News.

Chain o' Lakes to Be Stocked With Fish

Dept. of Conservation Starts Tomorrow to Plant Pan and Game Fish Here

The Fish Division of the State Department of Conservation tomorrow will start the work of stocking the waters and streams of Lake, DuPage and McHenry counties with bass, bluegills, crappie and perch, according to word received from Livingston E. Osbourne, director of the department.

Millions of the young fish have been hatched in the state fish hatchery at Spring Grove, which is under the supervision of Thomas McCafferty, veteran fish culturist.

The first lot will be dumped into chain of lakes waters at 1:30 p. m. tomorrow at Kramer's Boatyard docks at Fox Lake, and the officials will proceed from lake to lake until all the waters of the region have been stocked.

Robert King Resigns as Drug Store Manager

Will Spend Winter in Tucson; James B. Alford Is New Manager

After serving as manager of King's Drug store here for the past seven years, Robert King has resigned and he and his family will leave within the next few days for Tucson, Arizona, where they will spend the winter months.

Taking over the managerial duties at the store is James B. Alford, registered pharmacist, who has been in the employ of the store for three years. He will be assisted by another pharmacist.

The parents of Robert, Mr. and Mrs. Frank R. King, have been residents of Tucson for the past seven years, and have found Arizona climate beneficial to health.

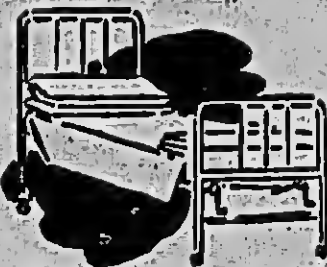

Also leaving King's recently was George Garland, who had been in the employ of the store for over 22 years. He now has a position with the "Thordarson" Transformer company in Chicago.

Farm Youth Gets 10 Years for Barn Fires

James Scott, 21, Kane county farm youth, who confessed setting fire to two barns on farms which adjoin his father's property last July, Wednesday received a sentence of from 1 to 10 years in the state penitentiary at Joliet. Evidence that led to Scott's confession was produced by State Deputy Fire Marshal James Stearns of Antioch.

What You Buy With WAR BONDS

It's not a pleasant picture to contemplate, but War calls for "blood and sweat and tears." And the Army, Medical Corps, with its efficient nurses and its volunteer Red Cross "Angels of Mercy," needs thousands of surgical beds for field and base hospitals on every front.

These beds cost approximately \$22 each. They are the latest thing in modern hospital beds, with elevating springs. In some instances surgical cots are used in temporary field hospitals and there is a folding bed which may be used in ambulances. Purchase of War Bonds and Stamps can buy many of these beds for the Army. You'll sleep better if you know our boys have every hospital comfort. Buy War Bonds every pay day. Invest ten percent of your income.

U. S. Treasury Department

Dr. A. N. Berke Is Commissioned as Army Lieutenant

Antioch Physician Will Enter Armed Service on October 10

Commissioned as first lieutenant in the U. S. Medical Corps, Dr. A. N. Berke, Antioch physician, leaves today with his wife and children for Pittsburgh where they will spend several days with relatives before the doctor enters service at Camp Berkeley, Tex., on October 10.

Dr. Berke located in Antioch three years ago and rapidly built up a thriving practice. For the past several months he has required the services of an assistant. His first assistant, Dr. Earl Berger, also has been called into army service, and he is succeeded by Dr. T. L. Breakstone, who will take over the practice of Dr. Berke for the duration.

The departure of Dr. Berke leaves Antioch with three physicians—Dr. D. N. Deering, who is awaiting call for service with the U. S. Navy, Dr. R. D. Williams, Dr. Breakstone, and Dr. W. A. Biron, chiropractor.

LOCAL MEN NAMED TO AAA COMMITTEES

Participants in the AAA program met at 8 designated places on the evening of Sept. 18, to elect their community committeemen and alternates and a delegate to the county convention which was held on Sept. 19.

Lake county has been re-zoned to form eight districts, each of which includes two townships.

It is anticipated that, due to lack of farm help, farmers will have less time to spend in administering their AAA program, hence there are more committeemen who will probably need to work fewer days.

The sign-up campaign will soon get under way for the 1942-43 program which will emphasize the production of needed war crops while using farm land to the best advantage without serious depletion such as resulted after World War I.

70 Per Cent Participate
At least 70 per cent of Lake county's farmers participated in last year's program, with Elia being high township with 184 farms participating. The National participation figure is about 90 per cent.

Three thousand two hundred and fifty tons of limestone, 400 tons of superphosphate, and 240 tons of rock phosphate were spread on AAA participating farms in Lake county. More would have been used had there not been an acute shortage of trucking and spreading facilities.

The county committee consists of Chester A. Faulkner, chairman; Park Allanson, vice chairman, and Joseph Keiser, regular member.

Community committeemen in Antioch and Lake Villa townships are: Alex G. Hughes, Charles G. Padlock, J. Robert Runyard, Antioch; Philip J. Wagner, Ben F. Snyder, Lake Villa.

Mr. and Mrs. Charles Caster of Camp Cullen returned home Tuesday from a week's visit with relatives at Kansas City, Mo.

Seek Recruits Here in "Fly for Navy" Drive

Navy Officers Are Guests at Lions-Legion Dinner Monday Night

"We want 'em young and smart—and tough, to fly with the finest aviators on earth," Ensign Edwin Kujawa, flight instructor at Pensacola, Florida, told Legionnaires, Antioch Lions club members and guests at the "Fly for Navy" dinner meeting held Monday night at Guild Hall.

Ensign Kujawa won his wings the hard way, according to Lieut. S. L. Parry of the Flight Selection Board of Chicago, who was also a speaker at the meeting. Ensign Kujawa, a product of Chicago's south side, wanted to fly so badly, Lieut. Parry said, that he took the two years college course required at that time in order to qualify for entrance as a cadet. The college work was not from choice, but from necessity. Ensign Kujawa, having his heart in flying soon won his wings and became a qualified instructor. He is now located at Pensacola as flight instructor for U. S. Navy flyers.

Really Trained

The Ensign said the proudest moment of his life was when he won his wings. He told in detail what is required of navy flyers, and stressed the complete training men received before they were permitted to engage in any hazardous undertaking. Qualifications for entrance have been lowered, he said, and the two years of college training are not required. Any high school graduate who can pass the IQ test and is physically qualified can become an aviation cadet.

Lieut. Parry also brought with him dapper 21-year-old Yeoman J. R. Killman, who operated the movie projector showing pictures of the battles of Midway and the Coral sea, also a film of naval aviation. Yeoman Killman, who left a good paying job to enlist in the Navy, looks like about 160 of fighting men, but actually weighs over 200. Both Ensign Kujawa and Yeoman Killman are aiding the Flight Selection Board at Room 302 Board of Trade Building in Chicago during the "Fly for Navy" recruiting program.

Forty Lions, Legionnaires and guests attended the dinner, which was the regular meeting night of the Lions club, and about 80 were present at the open meeting.

Guthrie Plans Program
Arranging the navy program was John Guthrie, navy man of the first world war, who brought the navy men to Antioch and arranged for the showing of the battle pictures.

Illinois citizens have responded generously to the "Fly for Navy" drive with the 100-member First World War Naval Aviators leading the way in the Chicago area. This patriotic civilian organization has been directly responsible for the formation of thirteen "Chicago's Own" squadrons.

Other squadrons organized in the wake of the "Fly for Navy" drive in northern Illinois include the Blackhawk Thimble-birds of Rockford, Waukegan and support, special units in each of Chicago's north shore suburbs, "Joliet's own," and an Elgin group.

High school graduates who are unmarried and 18 through 26 years are eligible to apply for flight training in their own special squadron. Application may be filed either with members of special local "Fly for Navy" civilian committees, at the nearest Navy recruiting station, or at the Naval Aviation Cadet Selection Board, 141 W. Jackson Blvd., Chicago.

Leo La Point Named Democratic Nominee for Probate Clerk

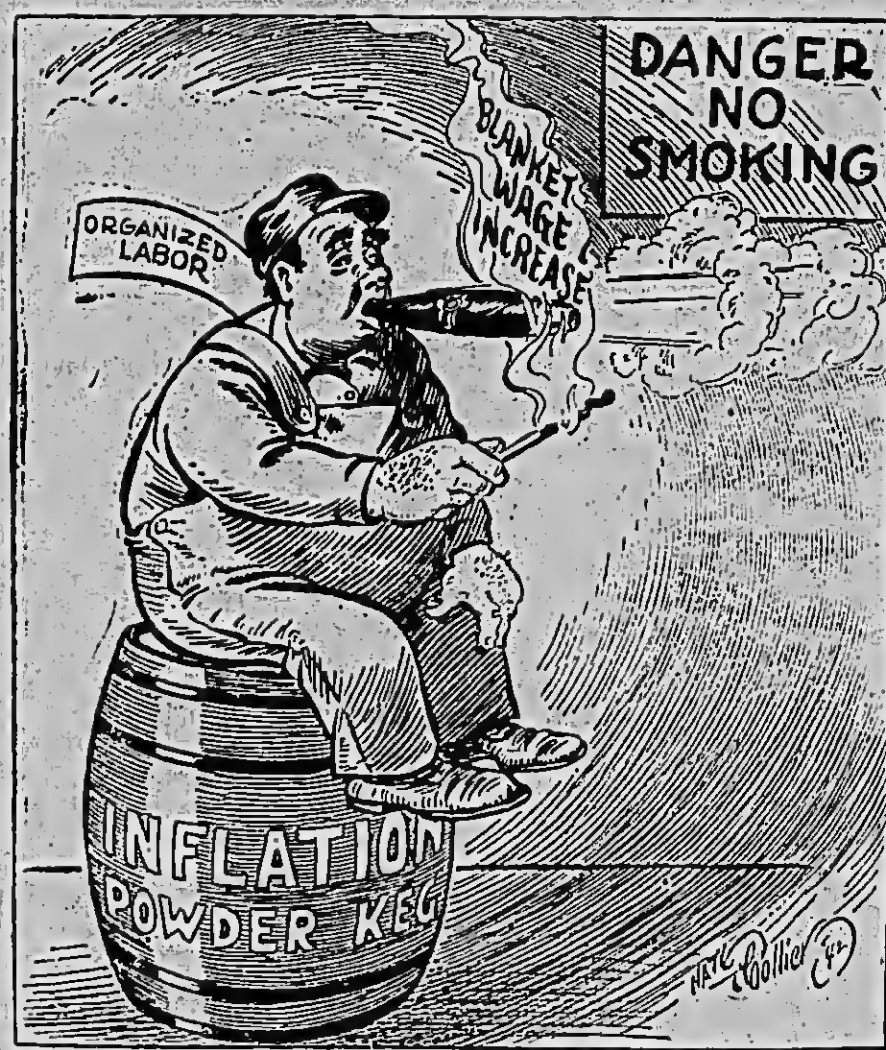

Leo La Point, 147 North Avenue, Barrington, a precinct committeeman for 12 years in Cuba township, Lake county, has been nominated by the Lake County Democratic Central committee as the party's candidate for probate clerk.

He fills the vacancy on the Democratic ticket caused by the induction of candidate Charles Cernak of Loon Lake, a veteran committeeman in Precinct 2, Antioch township, into the armed forces of the United States.

County Chairman Jack Bairstone will now file La Point's nomination in the office of County Clerk Jay B. Morse and request certification.

Mr. and Mrs. Henry Rentner, Mrs. Effie Nelson and Mrs. Vera Rentner were dinner guests of Mr. and Mrs. E. J. Suhr of Berwyn, Sunday.

PLAYING WITH FIRE

EMIL STEISKAL, 42, DIES IN CHICAGO

Emil Steiskal, 42, passed away of a heart attack, Sept. 28, 1942, in the Billings hospital, Chicago, where he had been a patient for three weeks.

He was born in Chicago October 3, 1899, the son of Joseph and Mary Steiskal. He had made his home at Grass lake for the past 28 years, several years spent at the home of Mr. and Mrs. Robert Selter of Grass lake.

On December 31, 1930, he was married to Sybil DeArmond. To this union were born three children, two sons, Robert and Thomas, and a daughter, Ruth Ann. He was a member of the Sequoit-Masonic lodge.

Surviving are his wife Sybil, two sons, Robert and Thomas, and a daughter, Ruth Ann, his father Joseph Steiskal, a brother, Joseph, Jr., and a sister, Mrs. Ella Wilde, all of Berwyn.

Funeral services were held this afternoon (Thursday) from the Strang home, with the Rev. W. A. MacArthur of Lake Villa and the Masonic lodge of Antioch officiating. Burial at Grass Lake cemetery.

Defense Council Units to Aid in Fire Prevention

State Chairman Calls on 594 Councils to Offer Services to Fire Depts.

Chicago, Sept. 30.—Heading Gov. Green's request to participate actively in fire prevention week, Oct. 4 to 10, in an all-out effort to stamp out fires that cause destruction as effectively as saboteurs, the Illinois State Council of Defense has planned a comprehensive program.

Capt. William F. Waugh, chairman of the civil protection division, called on 594 councils of defense to offer their services to fire departments during the week designated. Fire chiefs and superintendents of schools have pledged their cooperation and observances are being scheduled in hundreds of Illinois communities.

The nation's material losses from fire in 1941 were estimated to be \$303,895,000. Statistics reveal that losses will be greater this year. Every minute \$570 of property is destroyed by fire somewhere in the United States.

Anton J. Tomasek, State Forester and Defense Council Rural Fire Protection Coordinator, said special emphasis will be made on the rural aspect of the program during fire prevention week. Schools to train 10,000 school district fire wardens for farm fire combat duty are under way, he said.

The Illinois schools, Tomasek added, have been recommended by OGD for national adoption.

A school district rural fire warden's manual and a pamphlet, "Stop Fires Before They Start," have been issued by the State Council. The manual describes the types of fire-fighting equipment, factors affecting fire behavior, and methods of checking spread of fire from the rural aspect.

Mrs. Alice Freeman, who is employed at Webb's Racket store, returned home last week from a vacation trip to Canada.

Air Raid Wardens Hold 2nd Session of School Tonight

The second session of the Warden's school begins at 8 p. m. sharp tonight at the Antioch high school. All members are requested to be present and on time.

Instruction will be handled by Messrs. Vos, Clabaugh, and Newlin, covering completion by groups of the subjects started Sept. 24th. In addition there will be one hour of instruction and information on high explosive and unexploded bombs by W. R. Bandedt, who just completed a two day course at Peoria as training for a Bomb Reconnaissance agent. Certain of this training was confidential, nevertheless there is much he can tell the class.

Similar Warden's schools are being started throughout Lake county, with enthusiastic support by members. Some of our neighboring communities now in work are Zion, Grayslake, Gages Lake, Round Lake, Mundelein and Libertyville.

Basis of Protective Service
Antioch township has an excellent opportunity to demonstrate to our neighbors how a well equipped community does it. When we are willing to roll up our sleeves and give this protective service duty first call on our "after work" activities, then and only then can we say, "we are prepared."

Thursday, Oct. 8, the class will have two hours of Fire Defense presented by Fire Drill instructors assisted by members of our Fire Department. The same evening Paul J. King, coordinator, will present an interesting talk.

On Oct. 24, Col. Rogers, sometimes called "Smoky Rogers," will set up a demonstration of a Control Center, carrying out a practice test for handling air raid damage problems. In view of the difficulty in obtaining the services of Col. Rogers, our Chief Air Raid Warden Vos is considering inviting in three nearby townships on this evening, as those wardens require the same information and instruction.

Tuesday night, Sept. 29, all wardens who need first aid instruction to qualify attended the first session at the grade school under the direction of Capt. Herman Holbek, Antioch Rescue squad.

----- V -----

Mrs. Verana Baldwin, Mother of Mrs. Runyard, Dies at Home in Elgin

Mrs. Verana Sinsell Baldwin, 82, widow of Duane Baldwin, died Sept. 26, at her home, 463 Ryerson ave., Elgin, Ill., following a brief illness. She was born in Carmel, Ohio, on Jan. 20, 1860, and had resided in Elgin for 19 years, and prior to that in the Hampshire community.

Mrs. Baldwin was a member of the First Methodist church, and the Lady Earhart club.

Survivors include two sons, Duane Baldwin of Hampshire, and Walter Baldwin of Oakland, Cal., two daughters, Miss Iva Baldwin of Elgin, and Mrs. Ethel Runyard of Antioch; a brother, Grant Sinsell of Amsterdam, O., and six grandchildren. Her husband died in 1922, and a daughter, Mrs. Eva Wernbach, in 1918.

Services were held Monday afternoon at 1:30 from the Wolff funeral home, with the Rev. F. W. Hoisington officiating.

Mr. and Mrs. Archie Shannon of Channel Lake spent Wednesday in Milwaukee.

Voters Urged to Register Before Last Day, Oct. 6

Only 40,000 of Lake County's 60,000 Voters Are Registered

Springfield, Ill., Sept. 30.—Governor Dwight H. Green today issued a new appeal to all citizens of Illinois asking them to fulfill their civic duty of registering by October 6th, so that they can vote in the election November 3. The new state-wide permanent registration law, which became effective this year, requires the registration of all voters in the state.

"It is the duty of all citizens who can qualify as voters to register," Governor Green said. "If they do not register they cannot vote in the November 3rd election."

"With the added burdens and responsibilities placed on public officials by the war emergency it is more important than ever that every voter should go to the polls in this year's election to choose competent state and national officers."

"The registration applies to every county and every community in the state. Those not yet registered can do so at the office of the county clerk up to Monday evening, October 5th. On Tuesday, October 6th, the registration records will be taken to the various polling places all over the state and citizens may register in their own precinct on that day. After October 6th the registration books will be closed until after the November election."

Any young person who will reach the age of 21 years previous to Nov. 3, and thus become a voter, should either go to the county clerk's office previous to October 6 or to their voting place on October 6 and have their registration card made so that they can vote Nov. 3.

40,000 Register in County
Registrations in Lake county yesterday had reached a total of 38,113 according to Jay B. Morse, county clerk. There are perhaps about 2,000 more registrations in various parts of the county that have not yet been filed, and this could bring the county total to approximately 40,000.

Wm. M. Marks, chairman of the Lake County Republican Central committee, today said that there are still about 22,000 voters in the county who have not registered. Chairman Marks bases his estimate on the 1940 election when the vote for governor totaled 62,061 which was the total vote for all parties.

"Our men are fighting with bullets to save the American way of life. They must not find that while winning the war abroad they lost civic freedom at home. Only through ballots can you keep the obligation to those sons and brothers."

"Don't wait until the final day to register," Chairman Marks urges voters of all political parties.

School Children Organize to Aid Salvage Program

A plan for the organization of school children as the third front for victory is getting under way at the Antioch Grade school as a part of the nationwide salvage drive. Principal Ralph E. Clabaugh announced today.

With the slogan—"America's Junior Army Can Fight the War with Salvage," the local school children plan to be a part of the Third Front, which includes every man, woman and child in the United States, whose chief duty is to comb the entire nation for the scrap materials that are absolutely necessary to keep our factories running—absolutely necessary for victory.

Prin. Clabaugh says the local juniors will be organized within the next few days and that their efforts will be co-ordinated with the township salvage committee headed by C. L. Kuttel. Other members of the township committee are: G. R. White, Ed Vos, Herman Rosing, Dan Sheahan, Mrs. R. O. Cunningham and Barney Naber.

Golf Tournament Rained Out—Will Be Held Saturday

The invitational golf tournament, held annually at Chain of Lakes Country Club which was set for Saturday, Sept. 26, was postponed on account of rain. It will be held this Saturday, October 3, Manager Fred Hawking announced.

Scrap Harvest

The National Scrap Harvest, which is the official name of the War Production Board's drive for farm scrap, is now in full swing from coast to coast. The quota is "all there is on every square foot of every farm in the country."

You may ask—just what is back of all this furor about scrap? Why all the rush? Won't it be just as useful next year as it is now?

The answer is that industry is forging the largest and most powerful fighting force Uncle Sam has ever had. This force is to be the finest and best equipped on the face of the globe, . . . and it must be equipped NOW. To do this an abundance of all the necessary materials used in the production of war weapons is necessary.

Rubber and metal are the two most essential materials needed, since our supply of rubber has been almost entirely cut off, and steel is made of, roughly, 50 per cent virgin iron ore and 50 per cent scrap.

It's going to take a tremendous amount of scrap iron to keep those hungry furnaces going this winter—cold months when many roads will be blocked and scrap more difficult to collect. So gather it NOW! If you see huge piles of scrap in the junk dealers' yards don't jump to the conclusion that there is plenty. That scrap is moving all the time . . . flowing in a steady stream to the mills where it is needed.

Remember, these charged with the heavy responsibility of seeing that our armed forces are adequately equipped with the sinews of war are banking on the farmers of America coming through with a bumper scrap crop.

Fire Is Sabotage

"Today fire is sabotage," says a release from the National Board of Fire Underwriters. "Every fire that destroys a single item of war machinery makes it that much easier for the enemies of freedom to kill and maim the fighting men of our country and of all the United Nations. Every fire that keeps a skilled worker away from his job is a victory for the enemy in his race against time. This war will be won by production and not by ashes."

Junior Guards

When the king and queen of England visited the United States in 1939, U. S. marine detachments were Junior Guards.

Training for Victory

By Rufus T. Stroh

Dean, International
Correspondence Schools

Rufus T. Stroh

How many men are being trained in a war-time job. It has been learned that an expert on one type of plane does not necessarily qualify as an expert on another type. The same situation will hold true after the war, and the highly trained will naturally be in greater demand for the commercial jobs.

For the students themselves, the training opens up great post-war advantages. Most of them who return to peaceful pursuits at the end of the war will have chances to fill important jobs in commercial aviation.

It would be wise for any man to specialize as much as possible even in a war-time job. It has been learned that an expert on one type of plane does not necessarily qualify as an expert on another type. The same situation will hold true after the war, and the highly trained will naturally be in greater demand for the commercial jobs.

What You Buy With WAR BONDS

Gas masks which came into use in warfare for the first time when the Germans used poison and mustard gas in World War I, are much improved today over those used then. The Chemical Warfare Branch of the War Department issues these gas masks to every man in the service. We are taking no chances.

The type pictured here is the "can" and "elephant nose" mask and costs about \$9.25 each. The headgear is transparent, made of material resembling cellophane and does not cloud with the breath. You can buy two of these gas masks with the purchase of an \$18.75 War Bond. We need thousands of them. Don't fall to give at least ten percent of your income every pay day for War Bonds. Buy them at your bank or postoffice, regularly.

U. S. Treasury Department

The war has created many grave new fire dangers. Due to lack of new equipment, it is often necessary to use old and faulty equipment of various kinds in both home and industry. Millions of people are working harder and longer than they ever worked in their lives, and that makes for fatigue and carelessness. It is necessary to put little-trained people to work on factory jobs, and many of these people do not understand the fire hazards which are inherent in their occupations. The tremendous speed-up of industrial output in all fields is in itself a definite but unavoidable fire hazard.

Under these conditions, it is necessary that every conceivable safeguard against fire be used to capacity. Every town and city should at once pass an up-to-date fire prevention ordinance, and enforce it to the letter. Every home-owner should get into the habit of periodically inspecting his home for dangers. And in every factory, workers and managers alike must be trained in fire prevention and control. It is especially important that approved types of fire extinguishers be placed at handy spots in plants—and that all workers be instructed in their operation.

It should be remembered that cleanliness and orderliness are in themselves good defense against fire. The littered home or shop is all set for a destructive blaze. There's a job for everyone in this fight against fire—and the time to do that job is right now!

Rubber or Else!

The nation-wide gasoline rationing program is to be imposed as a means of preserving rubber. In the opinion of some experts, it would have been possible to provide an adequate supply of rubber for civilian use by now if the government had got down to cases when the rubber problem first appeared. That, of course, is water over the dam—but the kind of political vacillation that has characterized the handling of the rubber situation in the past must not be allowed to continue in the future.

The wise course to pursue at this time is obvious. The government must give maximum cooperation to secure the swiftest and largest possible production of artificial rubber from any practical source. Some kinds of rubber are made from oil. Others are made from coal. Others still are made from grain alcohol. All of the processes have merit—and all of them should be developed without further bickering and delay.

This country has been largely built on automobile travel. Unless rubber for civilian tires is made available within a short time, we will be faced with a catastrophic national "slow down." American industry and American chemists must be given the "go" signal on rubber—and they must be freed from political barriers to progress.

Journey Alone

One of the pleasantest things in the world is going on a journey; but I like to go by myself.—William Hazlitt.

Dark and Light

The Florida Bobwhites are dark; or than the ones we find in the North; and the Texas Bobwhites are lighter.

FUSSY..Yes, but I Love DOG CHOW!

Even most of the fussy eaters really go for Purina Dog Chow. That's because it has a flavor with real taste appeal. In free-choice feeding tests conducted by Purina Research, dogs preferred Dog Chow to all other similar type foods tested.

And Dog Chow is good for your dog, too. Not even a single meal provides all the food essentials supplied by Dog Chow. . . . essentials your dog must have for top condition. Start feeding Dog Chow today—we sell it in 5-25-100 lb. bags and in bulk.

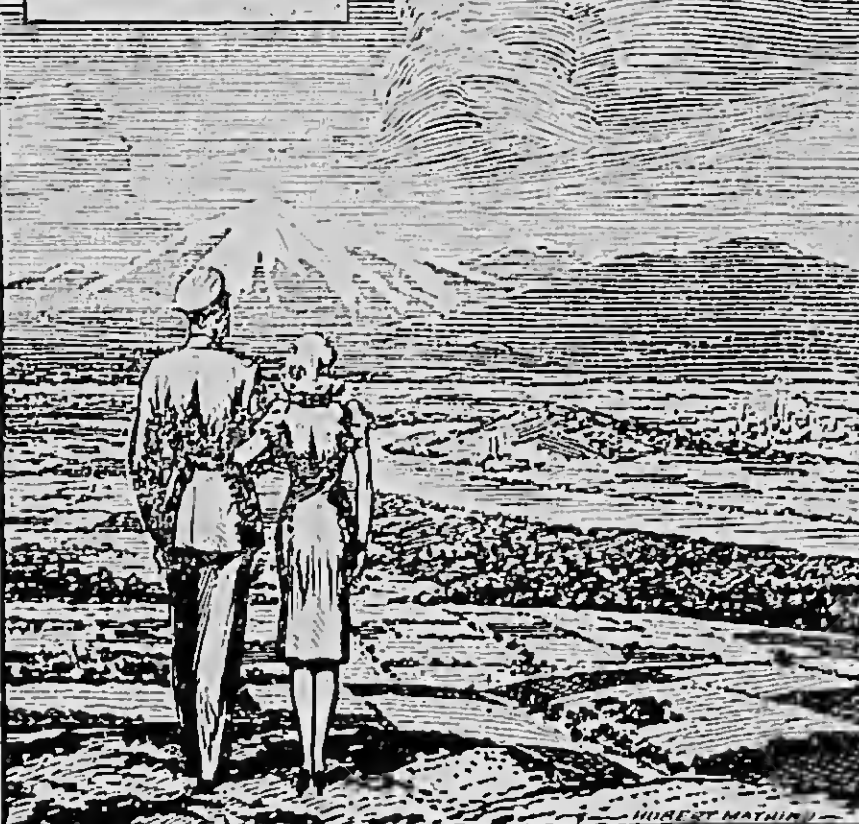

A DRY FOOD YOUR DOG WILL LOVE.

TREVOR

Mr. and Mrs. Walter Baethke, his son and wife, Mr. and Mrs. Elmer Baethke and son, Eugene, of Antioch, were Tuesday afternoon callers of the former's parents, Mr. and Mrs. A. J. Baethke.

Mrs. Irving Elms and daughter, Louise, of Antioch, were Friday evening callers of Mr. and Mrs. Charles Oetting.

Mrs. Alfred Dahl and niece, Miss Evelyn Jensen, were Racine visitors Tuesday.

Miss Elaine Allen left Tuesday to make her home with Mrs. Eunice Loth at Camp Lake.

Fred Taylor, Lake Forest, was a caller at the Champ Parham home Wednesday.

Louis Oetting went to Chicago Tuesday, and from there he took a plane to Dayton, Ohio, to visit his sister, Mrs. Kenneth Stockton, who is employed at the Wright Air field.

Mrs. James Cragg of Ingleside, Ill., visited at the Dan Longman home Monday.

Mr. and Mrs. John Geyer and Mr. and Mrs. Joe Fox and two sons returned home this week-end from Grand View, Wis., where they spent a couple of weeks vacationing.

Mr. and Mrs. Arthur Schumacher and Nick Schumacher, Racine, spent Sunday with their mother, Mrs. Otilda Schumacher, and brothers, Henry and John Schumacher.

Mr. and Mrs. Richard Corrin were Kenosha visitors Saturday.

Mr. and Mrs. Joseph Jetecek, Chicago, spent Sunday with the latter's parents, Mr. and Mrs. Otto Liechke.

Mr. and Mrs. Selcar and family, of Fox River visited the former's parents, Mr. and Mrs. Joe Selcar and family, Sunday.

Mrs. Richard Mason, Mr. and Mrs. J. B. Clay and daughter, Helen, Milwaukee, were Sunday visitors at the Dan Longman home. P. C. Richard Mason is now in Tennessee on maneuvers with the Engineers corps.

Champ Parham was a Twin Lakes caller Sunday.

Mr. and Mrs. George Dunford, Jr., and children and brothers, Clarence and Edward Dunford, Antioch, were Sunday visitors of their sister, Mrs. Harry Dexter, Jr., and family Sunday.

Visitors at the Charles Oetting home were Mr. and Mrs. Henry Oetting, their grandson, Buddy Longton, their daughter and husband, Mr. and Mrs. Al Heaser, Oak Park, Mr. and Mrs. Alfred Oetting, Zion, Mrs. Somerville, Antioch, Mrs. John Sand, Evanston, Mrs. Julius Krahn, Salem.

Pvt. Clarence Runyard is now in training at Ashland, Wis.

Pvt. Jerry Lynch and wife, Padlock Lake, were Monday evening dinner guests of Mr. and Mrs. Henry Prange.

Mrs. Lena Holmes, Philadelphia, Pa., arrived Tuesday to visit her sister, Mrs. Dan Longman.

Mrs. Sam Matthews, Kenosha, and Mrs. Homer Albertson, Madison, were Friday afternoon callers at the Joseph Smith and Charles Oetting homes.

Priscilla Allen and Patsy Harbryte spent Friday night at the home of Mrs. Eunice Loth, Silver Lake.

HICKORY

The Antioch unit of Home Bureau met at the Curtis Wells home last Wednesday.

Mrs. Albert Fischer and daughter, Mrs. Eugene Doetsch and baby son (from Niles Center) spent Friday at the Carney home.

Mrs. George White, Mrs. Oscar Neahous, Mrs. Ralph Miller and Mrs. Austin Savage drove to Harvard, Ill., last Thursday and were guests at the Dunham unit of Home Bureau at the home of Mrs. Dayton Marrs.

Miss Grace Tillotson, Mrs. Georgia Seoville and their cousin, Mrs. Ella Clingstone, from Kenosha called on Mrs. Emmet King Thursday. Mrs. Clingstone will be remembered as the former Ella Matthews, who made her home at Pikeville when a girl.

Mrs. Gordon Wells and daughter, Lucille, Mrs. Nettie Wells, and Mrs. A. T. Savage spent Friday shopping and visiting friends in Waukegan.

Mrs. Caroline Marble and Earl Crawford spent Sunday with the Arthur Gerhand family in Darien, Wis. Sunday callers at the Warren Edwards home were Mr. and Mrs. Harvey O'Hare and family from Waukegan and John Dickey and son, Edward, and friend, Jack Salisbury, from River Forest.

Mr. and Mrs. Joseph Seidenhecker of Wadsworth visited the Carney family Sunday evening.

The Misses Lillian and Shirley Wells of Waukegan were home over Sunday. Both girls are employed at the Waukegan Bell Telephone Co.

Mr. and Mrs. Clarence Crawford, Mr. and Mrs. Walter Czynier, and Mr. and Mrs. Arthur Wade of Waukegan spent Sunday at the Crawford home.

Mr. and Mrs. Will Thompson and Helen visited the Philip Gould family Sunday afternoon.

Mr. and Mrs. Ed Wagner of Waukegan spent Monday of this week at the Carney home.

Mr. and Mrs. L. O. Bright and family from St. Charles, Ill., were Sunday dinner guests at the George White home.

USUAL TERMS

ALONZO R. RUNYARD, Owner

Wm. A. Chandler, Auctioneer
Gurnee, Ill.

Public Auction Service Co., Mgrs.
Burlington, Wis., 866-W.

Auction — Personal and Real Property

Because of ill health I am offering for sale at my farm residence, 1 1/2 miles south of Antioch, 3 1/2 miles north of Lake Villa, 1/2 mile west of Hwy. 21, on gravel road running between Hwys. 21 and 59, the following personal property:

WEDNESDAY, OCT. 7 — 1:00 P. M.

18 CATTLE — 12 Holstein and Guernsey milk cows, including 2 fresh cows; 3 close springers; 3 2-yr. old bred heifers; 1 Holstein bull, 3 yrs. old; 1 3-mos. old heifer calf; 1 3-mos. old bull calf.

4 HORSES — Chestnut mare, 8 yrs. old; buckskin gelding, 9 yrs. old; black colt, 3 yrs. old; 1 yearling colt.

FEED AND SEED — 16 tons 1st cutting alfalfa; 400 bu. oats; 8 acres ripe corn (standing); 3 acres fodder corn (standing); some straw; 5 bu. soy beans.

MACHINERY — 10-20 Mc-D. tractor; tract. plow; trac. disc; 2-sec. drag; hay loader; dump rake; 5-ft. mower; Deering corn binder; new Mc-D. Manure spreader (rubber in front); corn planter; sulky cult.; Model T Ford, etc.

REAL ESTATE — 75 acre farm, loam soil; good 7-room house with electricity, furnace, bath, running hot and cold water. Good barn, room for 20 cows, and 5 horses. Chicken house, garage, machine shed, corncrib, and brooder house.

VETERANS — You men who fought the last War—make this your job. To see that no American boy shall fall because a lack of scrap deprived him of a fighting chance.

SCRAP SLACKERS CAN LOSE THIS WAR!

It's squarely up to you. The mills need scrap to make the steel to go across the sea as ships, and tanks, and guns. They need it now—and in the months to come. For all new steel must be 50% scrap—and the mills are running out. They haven't enough for even 30 days more production—then they'll be shutting down.

Unless you get to work. Unless you go into your basement and your attic and root out the junk that's there. Talk about it to your friends and neighbors—you men who

know what war is like. Tell them . . . "Don't be a scrap slacker. Get your scrap ready for the drive that starts next Monday!" Then get to work and help them do it.

We're out to fill the junk yards—to make every salvage depot a towering tribute to our fighting men. And don't think the job is done when the scrap starts piling up. Because the war must end before the need for scrap is over.

Do this to help make sure it ends our way!

★ ★ ★ ★ ★ ★ ★ ★

Watch this paper for details of the big scrap drive and what you must do to help

IMPROVED UNIFORM INTERPRETATION SUNDAY SCHOOL LESSON

By HAROLD L. LUNDQUIST, D. D.
Of the Moody Bible Institute of Chicago.
(Reprinted by Western Newspaper Union.)

Lesson for October 4

Lesson subjects and Scripture texts selected and copyrighted by International Council of Religious Education; used by permission.

FAITH IN CHRIST AS OUR PERSONAL SAVIOUR

LESSON TEXT—Acts 16:13-15; Romans 5:1-11.

GOLDEN TEXT—Therefore being justified by faith, we have peace with God through our Lord Jesus Christ. Romans 5:1.

Salvation through Christ is the way, and the only way, into the Christian life; therefore, there could be no other subject more suitable than that of our lesson to begin our brief series of "Studies in the Christ Life."

Our lesson for today tells us first how one comes into a personal saving faith, and then gives Paul's statement of the result of saving faith in the changed life of the believer.

I. The Opened Heart (Acts 16:13-15).

Paul and his companions on their important errand for the Master, bearing the news of the gospel, had first known His guidance by hindrance, by the closed door; and then by the direction of the Spirit into the open door, revealed in the vision of the man of Macedonia.

Here in Philippi they found not only an open door, but an open heart, one which the Holy Spirit had made ready for the preaching of the Word of God. "Faith cometh by hearing, and hearing by the word of God" (Rom. 10:17).

Note that while Lydia was a woman of ability and culture, and a worshiper of God, yet she needed the message of redemption through faith in Christ.

Lydia evidenced the truth of her profession of faith by open testimony and by a desire for fellowship in putting forward the work of God (v. 15). Salvation is by faith apart from works, but a saving faith is always one which works.

II. The Transformed Life (Rom. 5:1-11).

This is one of the great passages of Scripture, rich in doctrinal instruction, presenting through Paul an illuminating discussion of justification by faith.

This lesson affords an opportunity for teachers to learn and present to classes much needed truth along the line of Bible doctrine. There is not enough teaching of this type. People seem to prefer a little devotional study, or the discussion of current events, possibly in the light of prophecy. These are good, but it is of first importance that Christians be informed regarding doctrine.

We find in this Scripture the glorious transformation of life which comes to the one who takes Christ as Saviour, as we note the seven results of God's justifying grace.

1. Peace (v. 1). The human heart craves spiritual peace and knows that it can be found only when sin has been dealt with and put away. For sin cannot be condoned or ignored. There must be justification, and that can come only through Jesus Christ our Lord.

2. Grace (v. 2). A peace with God brings the peace of God into our hearts. We have that peace because we have by faith come into the place of God's favor. No longer strangers or outsiders, we have come in ("have access") to His place of grace and favor.

3. Hope (vv. 2b, 5a). Our faith not only brings present peace, but causes us to see future glory. Such a hope puts us in a right attitude toward God, and the things of life, including tribulations (v. 3), are rightly valued and understood. Even our troubles become evidences of His love in which we may glory.

4. Love (vv. 5b-8). God's love which gave His Son to die for our sins becomes the "shed abroad" portion of every believer in Him. It was an immeasurably great love, and it all centers in Calvary.

5. Saved From Wrath (v. 9). The wrath of God is minimized or denied in much modern theology, but it is nonetheless a very "real and awful affection of the divine nature." But the Christ who died for sinners will surely deliver the saints from the wrath of God against sin.

6. Reconciled (v. 10). The death of Christ, which justified man has accepted by faith, brought reconciliation. Atonement had been made for sin, and the One who died is alive again, a living Saviour.

7. Joy (v. 11). And why not? Such a revelation of what our redemption includes should make every believer in Christ rejoice in God. The One who is the sinner's judge is the believer's joy! That is the glorious transformation which takes place when one believes.

Some unbeliever who has read these lines thus far must by now be eager to have these things true in his life. Well, why not? Believe on the Lord Jesus Christ, and thou shalt be saved" (Acts 16:31). Then read again these majestic and joyful words in Romans 5:1: "Therefore being justified by faith, we have"—yes, I have "peace with God through our Lord Jesus Christ."

LOOK Lady

By JOSEPHINE HUDDLESTON

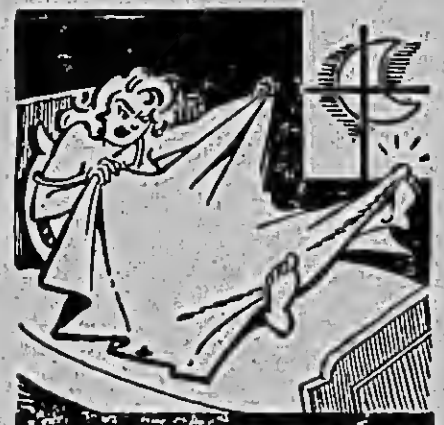

Time was when it was nobody's business but our own if we spent the night fighting a poorly made bed. It was a free country and if we wanted to spend half the night pulling the sheet off our feet and the other half trying to cover them up again—well, it was our feet, our sheet and our jangled nerves.

We still have a free country and we want desperately to keep it that way. That's why, today, it's everybody's business whether or not we spend the night fighting a poorly made bed. For research shows that ill-fitting bedding robs us of restorative sleep and robs us of textiles—both vitally imperative if our victory plans are to be successful.

Short sheets affect our health because they are an irritation, preventing the peaceful relaxation essential to restorative sleep. Without restorative sleep, there is no period wherein the body can repair the effects of daily wear.

Short sheets affect our fabric conservation plans adversely because they wear out faster than properly fitting sheets, according to the American Institute of Laundering. Not only do these experts know that short sheets wear out faster, but they know why. And they'd like for us to know, too, for this is the time to conserve every bit of fabric we can. Here's how the Laundry Institute explains the whole business of "frictional wear" which is what gets our sheets when they are too small for the bed.

When Johnny and Bobby begin a tug of war with one of our bath towels, their actions are so exaggerated our concern for the safety of the towel becomes acute instantly. We know that, unless stopped at once, they'll soon have the towel in shreds.

Tillie's nightly tug of war with short sheets tears down her morale and tears up the sheets, both mighty important things to avoid these days when health and fabric conservation are "musts" for a successful war effort.

But what most of us fail to realize is that, over a period of time, less forceful but more continuous yanking and pulling, twisting and crushing, can, and does, have the same effect on all fabrics.

The constant pulling and tugging given to ill-fitting bedding adds up to an appalling total of excessive tension, or strain. Over a period of time, this actually approximates the quick shredding of a towel under a vigorous tug of war!

So, right now, before you lose any more sleep, or sheets, check yours and make sure all sheets are large enough to tuck in securely at the foot and still leave enough to cover the shoulders.

Besides proving a wonderful health and fabric preserver at this time, sheets long enough to cover feet and shoulders at the same time keep quilts cleaner longer.

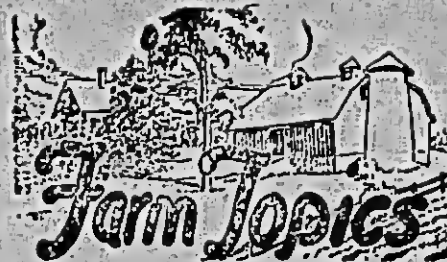

Pointed Paragraphs

WHEN ANDREW "OLD HICKORY" Jackson, seventh President of the United States, went on his war forays he took his cedar chest along. Today's soldier leaves his cedar chest with the girl he left behind so she can safeguard his letters and her trousseau until his return. Preserved for posterity, Jackson's cedar chest is a featured show piece at his home, The Hermitage, near Nashville, Tennessee, while modern soldiers' cedar chests stand quietly in thousands of sweethearts' homes over the land.

PLANNING AND EXECUTION of household duties are streamlined to a minimum of effort and waste for wives of defense workers living in trailer-homes. In fact, the average modern trailer-home contains more modern labor saving equipment than the average home anchored to one spot. These wives have some mighty toothsome "main dish" recipes, too. For instance PIGS and PEAS. To make: drain liquid from canned peas, add diced cheese, a pinch of salt and pepper and let simmer until liquid is about 1/2 its original amount. While simmering, brown little pig sausages. Grease casserole with some of the sausage fat, alternate layers of peas and sausages, dot top with cheese and a little grated onion if you like it, pour liquid over and bake slowly from twenty to thirty minutes!

AS A GUIDE FOR ALL coeds attending Methodist Colleges, girls at Depauw University are sponsoring "all out for victory" fashions by featuring cottons in their autumn and winter wardrobes.

QUILTED PLAID GINGHAM dirndl skirts are high fashion for book to school outfits this fall. To save wool, tailored cotton blouses replace sweaters except for those left from last year.

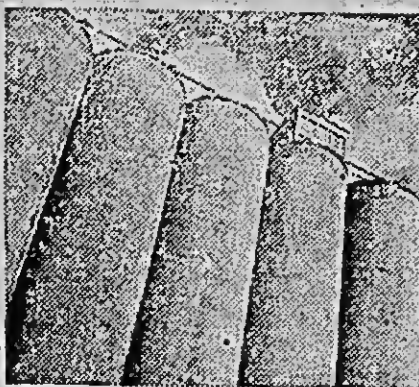

Transportation Pools Requested

Program Planned Has Vital Double Purpose

The Office of Defense Transportation and the United States department of agriculture asked farmers throughout the country to co-operate in a comprehensive program for conservation and more efficient use of farm trucks and automobiles.

Because of the rubber shortage, the limited supply of new vehicles and the increasing scarcity of repair parts, farmers are urged to use their trucks and cars as little as possible.

The two government agencies recommended that farmers not only eliminate unnecessary driving but also form transportation pools both

Courtesy U. S. Department of Agriculture

Kansas City, Kan., wheat elevators holding the precious grain, part of Uncle Sam's enormous "Food for Freedom" larder. There are thousands of similar grain elevators throughout the United States.

for hauling their produce to market and for transporting needed supplies to the farms.

Program's Double Aim.

The program has the double aim of conserving vital equipment and assuring a continuous flow of farm commodities to market.

In a letter to state and county war boards urging the conservation of farm transportation facilities, Secretary of Agriculture Claude R. Wickard said: "The department is glad to co-operate in this program to the fullest extent, realizing that attainment of agricultural production goals will be meaningless unless there is assurance that essential farm products, when ready for market, can quickly be brought to processing, storage or consumption centers."

Joseph B. Eastman, director of the Office of Defense Transportation, said: "Farmers can assist in the nation-wide farm transportation program by avoiding trips to market with less than full loads whenever possible, and by making every possible effort to purchase their supplies at times when it will be possible to haul them to their farms on return trips."

Operators of farm trucks also are urged to follow the "preventive maintenance plan" of the ODT in order to prolong the life of such equipment as long as possible.

AGRICULTURE INDUSTRY Sugar Cane

By FLORENCE WEED

(This is one of a series of articles showing how farm products are finding an important market in industry.)

Some of the attractive colorful rooms in modern homes are made with wall board of pressed sugar cane. Time was when no one knew what to do with sugar cane bagasse after the sugar was extracted. Tons were either destroyed or burned as fuel in the sugar mills. Then industrial chemists found a way to press the cane refuse into long fibers, to felt and weave it into bag board sheets.

Chemists have also found that a cheap molding compound can be made from bagasse. By grinding the cane to a powder, combining it with chemicals, the substance can be molded into flat panels or floor tiles.

Backers believe that this low cost molding compound will enable the plastics industry to branch out into broader fields such as the manufacture of furniture, building materials and parts for automobiles since it can be made for less than half the cost of the cheapest synthetic compound known.

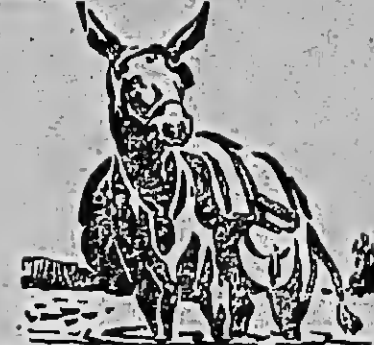

Farm Notes

The U. S. department of agriculture has announced a program for diversion of up to 5,000,000 bushels of Irish potatoes into starch and dextrose.

For roughage in feeding lambs, allow one half alfalfa and one half Johnson grass or Sudan hay. The hay should be green in color, well cured and free from mold.

What You Buy With WAR BONDS

Tractors and motors will never wholly replace the Army Mule as a factor in the mobile units of our army. The Army Mule is a tradition and the "mule skinner" is a breed unto himself. Army Mules are used by the Field Artillery and the Cavalry. In areas where the terrain is rough and tractors cannot operate.

Pack trains in mountainous sectors are often necessary and here the mule, slow but sure-footed, plays an important role. Our Army buys thousands of mules paying from \$175 to \$190 for each. The mule eats less, carries more, and some declare is smarter than the horse. Your purchase of War Bonds and Stamps helps pay for these Army Mules. Invest at least ten percent of your income in War Bonds every pay day.

U. S. Treasury Department

Goats' Leaps Usually Safe

Although the Rocky Mountain goats holding the precious grain, part of Uncle Sam's enormous "Food for Freedom" larder. There are thousands of similar grain elevators throughout the United States.

Do Your Own Preserving

Every jar of home canned fruit leaves a can of commercially packed fruit for our armed forces and for our Allies. Every jar of fruit put up at home leaves a little more freight space to carry war materials.

Chapel for Sale

St. George's chapel at Edinburgh, where Sir Walter Scott worshipped, is for sale. The author's pew is marked by a brass plate. The chapel was built in 1792.

Best Dressed

U. S. marines, who possess a wide variety of uniforms, have often been called the world's best dressed military men.

MECHANICAL MIXING Helps You Get Best Results From Your Grain!

(Shovel Mix)

(Machine Mix)

TWO things are necessary to cash in on the full feeding value of your grain. First, select the proper supplement for the kind of stock you intend to feed. Second, mix the supplement so thoroughly with the grain that every quart of mixed ration is in the same balanced form as every other quart. This is absolutely essential when correct feeding is so vital to the cause of capacity food production today.

Shovel mixing is tedious and cannot possibly provide the necessary uniformity. But accurate mechanical mixing—such as is available to you through our NEW Approved Purina Custom Mixing Service—makes the mixture much more uniform and dependable.

Our Formulas are thoroughly tested and proved for turning your grain into balanced feeds for poultry, hogs, cows and steers. Our grinding and mixing machinery is operated by trained men. Bring in your grain for proper balancing to help step it up to capacity feeding value.

SOCIETY EVENTS

Antioch Woman's Club Starts Year October 5

The Antioch Woman's club will open its 1942-1943 season on Monday, October 5, with a 1 o'clock luncheon at Anderson's on Route 59, located about one-half mile south of Grass Lake road on route 59. The price of the luncheon will be eighty-five cents per plate, to club members and their guests. Reservations are being taken by Carolyn Moran, social chairman, and should be placed as early as possible, telephone 140J.

For its opening program the Club has been fortunate in securing Lenore E. Brown of Chicago who will present a recital of Alice, Duer Miller's "For-saking All Others" with a dramatic musical accompaniment. Her accompanist will be Bernard Helfrich.

Lenore Brown is a character actress of great ability and one of the outstanding recitalists of modern poetry and contemporary drama. She has been a student of the theatre since early childhood. Few young artists have Miss Brown's dramatic knowledge and theatrical background. She is most successful as a teacher of children in speech and has developed and operates a children's theatre. Despite her youth she has become known for her vivid portrayals in the theatre. Elizabeth the Queen, Mrs. Mudgett in "Outward Bound," Ellen in "Ladies in Retirement," Regina Giddons in "The Little Foxes," and many more.

In addition to her interest in the theatre Miss Brown has created a definite recital personality. As a recitalist she has appeared before many Chicago clubs in worthwhile, as well as entertaining programs. Besides an active life in the theatre and concert fields, she has graduated from North Park College, Northwestern University School of Speech, appeared in summer stock with the Peninsula Players, Fish Creek, Wisconsin. At present, she is head of the Young People's department of the Bradley-Griffin studios, as well as director of the Uptown Players Junior theatre. She is also assistant director of the Uptown Players, the outstanding theatre group in Chicago who present their plays at the Civic Theatre.

Annual dues will be payable at this meeting and the year books will be distributed.

Mrs. Paul Ferris will begin her second year as president, with Mrs. John Brogan as vice president, Mrs. Andrew Mathisen, recording secretary, Mrs. George Anzinger, corresponding secretary, and Mrs. Arthur Laursen, treasurer.

Standing committees for the year are: citizenship, Mrs. H. B. Gaston; membership, Mrs. N. E. Sibley; social, Mrs. John Brogan; literature, Mrs. L. B. Grace; music, Mrs. E. J. Hays; art, Mrs. Edmund Vos; education, Mrs. Einar Peterson; and public welfare, Mrs. W. A. Rosing.

Legion Auxiliary Names Delegates to 10th District

The regular social meeting of the American Legion Auxiliary was held at the home of Mrs. Eva Burnette, Friday evening. Assisting Mrs. Burnette were Mrs. Ann Heath, Mrs. Olive Tward and Margaret Roof.

A short business session was held and delegates to the 10th district meeting elected were: Ann Heath, Lillian Hand, Nellie Brogan, Agnes Hill and Alma Harden. Alternates selected were: Carolyn Moran, Maude Johnson, Sine Laursen, Olive Tward and Sadie Keeney.

A Capitan meeting will be held at 10 a. m. October 3 at the Legion Home, North Chicago.

Cards were played following the business meeting. Prizes were awarded to Mrs. Sine Laursen, Carolyn Moran, Lillian Hand and Rebecca McGee.

ANTIOCH UNIT HOME BUREAU MEETS

The Antioch Unit of the Home Bureau met at the home of Mrs. Curtis Wells on Wednesday, Sept. 28.

About twenty members and friends were present to hear Mrs. Volk County Home adviser, give the major lesson "Planning the Wardrobe to Work for Victory" and the minor lesson, "Proper Storage of Vegetables."

Light refreshments were served. On October 29 an all day meeting is planned to be held at the home of Mrs. C. L. Kuhl, when Mrs. Volk will be present to help anyone who wishes it, in remodeling their wardrobe.

The next meeting will be held Oct. 28, at the home of Mrs. R. R. Dewes, on Little Silver Lake road.

MRS. HUNTER HOSTESS GRADE SCHOOL ROOM REPRESENTATIVES

Mrs. Elmer Hunter is hostess at a tea for Grade school room representatives at her home this afternoon (Thursday). Mrs. Hunter is general chairman for the year. Those present are Mrs. Dudley Kennedy, Kindergarten; Mrs. Myras Nelson, 1st grade; Mrs. Merrill Cunningham and Mrs. Emil Lubbekman, 2nd grade; Mrs. Arthur Peterson, 3rd grade; Mrs. Harry Greenlee, 5th grade; Mrs. Roy Kufalk, 6th; Mrs. Clete Vos, 7th, and Mrs. John Fields, 8th.

Mrs. Della Marx of Indian Point entertained her pinocle club at her home Tuesday afternoon.

Baha'i Activities

There will be the usual Sunday broadcast over the Chicago station WAT, sponsored by the Baha'is of the United States and Canada. The time 1:20-3:20 on the dial.

Horace Holley, lecturer and secretary of the executive body of the Baha'is of the United States and Canada will be the guest speaker at the home of Mr. and Mrs. A. F. Mathisen on Sunday evening, Oct. 4, at 8 o'clock. The subject chosen for this evening lecture is "The Lighted Candle of Life."

The Mathisen home is located on highway "V" in Bristol township, near Shalun-Lu. The public is most cordially invited.

THOUGHT FOR THE WEEK

Contributed by the Baha'i Group
THE WHOLESOME MEDICINE
"The prophets of God should be regarded as physicians whose task is to foster the well-being of the world and its peoples, that, through the spirit of oneness, they may heal the sickness of a divided humanity. To none is given the right to question their words or dispute their conduct; for they are the only ones who can claim to have understood the patient and to have correctly diagnosed its ailments. No man, however acute his perception, can ever hope to reach the heights which the wisdom and understanding of the Divine Physician have attained. Little wonder, then, if the treatment prescribed by the physicians in this day should not be found to be identical with that which he prescribed before. How could it be otherwise when the illness affecting the sufferer necessitates as every stage of his sickness a special remedy?"

In like manner, every time the Prophets of God have illumined the world with the resplendent radiance of the Day Star of Divine Knowledge, they have invariably summoned its peoples to embrace the light of God through such means as best befitted the exigencies of the age in which the Prophet appeared. They were thus able to scatter the darkness of ignorance, and to shed upon the world the glory of their own knowledge. It is towards the inmost essence of these Prophets, therefore, that the eye of every man of discernment must be directed, inasmuch as their one and only purpose hath always been to guide the erring, and give peace to the afflicted. There are not the days of prosperity and triumph. The whole of mankind is in the grip of manifold ills. Strive, therefore, to save its life through the wholesome medicine which the Almighty hand of the merrying Physician hath prepared."

Baha'ullah.

FELLOWSHIP OF SUFFERING AND SERVICE

Next Sunday, Oct. 4, the Methodist Church of Antioch will unite with the rest of the world in a World Communion Service. You are invited to join with us and other millions in this service. Under present world conditions this is of special significance. Devastation of war across the sea is beyond human description. Winter is coming. Millions are without food, clothing or shelter. Their churches and homes have been destroyed. Suffering during the next few months will be great. Thousands of our own have become a part of the armed forces of our nation. They are serving in remote corners of the world, while a vast multitude are still in our training camps. The task of the church is to keep these socially and spiritually fit while they train for physical combat.

The Methodist Church, in connection with our World Communion Service, is asking for a sacrificial offering in answer to these human appeals: It should be a Fellowship of Suffering and Service. We are informed by our leaders that five million dollars will be needed during this year, and that two million are needed at once. Our church should present an offering of at least a hundred dollars. Two or three hundred would be better. While we, in our communion, hold fellowship with Christ in His suffering, with our offering we may hold fellowship with our brothers and sons around the world in their suffering. The offering will be divided three ways—one-third each to the local community, the training camps in our home land, and relief overseas.

Warren C. Henslee, Minister.

Cedar Lake P. T. A. Will Conduct "Quiz Show" at Next Meeting Oct. 12

The Cedar Lake Parent-Teacher association will conduct a "Battle of the Sexes" quiz program at the next meeting to be held at the school on Oct. 12. The house will be divided—male and female—for the session, according to Mrs. L. Dalziel, president of the P.T.A., but she didn't add, "May the best man win." Anyway, it's a chance for the smart guys of the community to show their wares—and for profit, too, as there are to be prizes for the winners, to say nothing of the refreshments that are always served at these gatherings. Plans for a card party will be made at this meeting.

BUSINESS WOMEN TO HOLD INFORMAL DINNER MEETING

The Antioch Business and Professional Women's club will hold a meeting and informal dinner at the Hotel Monticene, Monday evening, Oct. 5, at 6:30 o'clock. Miss Marian Johnson, the newly elected president, will preside at the business session.

The meeting will then be turned over to the program chairman, Miss Jean Casey.

Parents of Son

Mr. and Mrs. Gust Mantis are the parents of a baby boy, born Monday, Sept. 28, at St. Therese hospital, Waukegan.

WESLEY CIRCLE TO HOLD MEETING WEDNESDAY

A regular meeting of the Wesley circle will be held at the home of Mrs. George Good, Harden street, Wednesday afternoon, Oct. 7, at 2 o'clock. Mrs. H. H. Perry will be in charge of the study hour. Mrs. William Runyard is general chairman for the month.

O. E. S. OFFICERS CLUB HELD MEETING WED.

Mrs. Hazel Britton, assisted by Mrs. Clara Westlake and Mrs. Harriet Davis, entertained the members of the Eastern Star officers club at the Britton home on Lake street Wednesday evening. Cards were played during the evening, followed by a luncheon.

P. T. A. CARD PARTY WELL ATTENDED

Seven tables of bridge and 500 were in play at the Antioch Grade school Parent-Teacher association card party held at the school Monday evening. Prizes were awarded to Mrs. Dudley Kennedy, Mrs. Rose Weinholz, Mrs. C. N. Lux and Miss Marian Johnson for highest scores.

R. N. A. OFFICERS MET WEDNESDAY EVEG.

Mrs. Katherine Dibble, assisted by Mrs. Julia Rosenfeldt and Mrs. Alford Ahrens, entertained the members of the Royal Neighbor officers club at the Dibble home Wednesday evening.

Dominick Giannini, former owner and operator of the State Line Inn just north of Antioch, has opened a tavern on Sheridan road near the state line, which he has named Yorkshire Tavern.

Mr. and Mrs. Otto S. Klass and daughter, Doris, spent several days last week vacationing in southern Illinois and Missouri. On their return they left Doris at Jacksonville, where she will attend Illinois college for her second year. Mr. and Mrs. Klass returned home Monday.

Card of Thanks

We wish to express our sincere appreciation to all for their expressions of sympathy and assistance given during our recent bereavement.

Mrs. Grace Blum and Family.

Congratulations

Mr. and Mrs. Gust Mantis on the arrival of your baby son.
Mr. and Mrs. Nick Mozak
Antioch, Ill. Lake Catherine

Mrs. A. E. DeArmond of Albany, Ind., and Gerald DeArmond of Portsmouth, Ohio, arrived in Antioch Wednesday to attend the funeral of Emil Steiskal, which will be held from Strang's Funeral home Thursday.

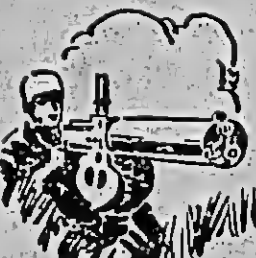

The Patrol boys of the Antioch Grade school held a get-acquainted party at the home of Mrs. John Fields Monday evening. The evening was spent in playing games and lunch was served later.

Miss Ethel Adams who had the misfortune of breaking her ankle at her home last week, is improving.

Mr. and Mrs. Fred J. Berg were called to Fenville, Michigan, to attend the funeral of their brother-in-law, Chris Rasmussen. The deceased leaves his wife, who is a sister of Mr. Berg, and a daughter.

What You Buy With WAR BONDS

The 50-caliber Browning machine gun is one of the most efficient short range weapons used by U. S. fighting forces. It is effective at ranges up to 2,000 yards and fires about 600 forty-five caliber bullets per minute.

One of these guns costs about \$1,500, while a thirty-caliber machine gun costs approximately \$600. Our fighting forces need thousands of these rapid-fire guns. Even a small town or community can buy many of them by uniting in the purchase of War Bonds. At least ten percent of your income in War Bonds every pay day will do the trick.

U. S. Treasury Department

Old Windsbleid Is Sink Splasher
For sinks without a back water splasher, an old windsbleid placed along the wall behind the sink will be admired. Two coats of white enamel on the back leaves the front white and shining.

Bisbee Formerly a Canyon
The main street of Bisbee, Ariz., is the paved floor of a once tortuous canyon, with houses built in tiers on the sloping walls.

Eight Hour Difference
Along the northern border of the United States there is a difference of nearly eight hours between the longest and shortest day of the year.

Mr. and Mrs. A. Shannon of Chancel Lake spent Thursday and Friday in Chicago the guests of relatives and friends.

News of the Boys in Service

First Lieut. Louis J. Zimmerman, D. C. Hq. Bn. 51st C. A. Medical Det. A. P. O. 851 care Postmaster, New York City, N. Y., writes from a hot tropical climate location to the effect that the boys are on their toes in everything with high morale prevailing, and what's also important doing their share 100 per cent on buying war bonds. Doc says "Keep the war bonds rolling and the boys will take care of the situation when the right time comes." Outside of learning the language, dusting off the ants and slapping down the mosquitoes, Doc is a pretty busy man. He longs for a stroll down Main street and a hot shave in Walt's barber shop.

Private John R. White, son of Mr. and Mrs. Clarence White, has been transferred to the Wings Command. His new address is A. B. G. 2 U. S. N. A. S. — A. E. S. 23 San Diego, California.

While on the rifle range Private White won 4 medals in record rifle shooting and bayonet.

He thanks the Antioch News and Legion post for sending the Antioch News and says it is greatly appreciated.

— V —
Congratulations to James Nielsen, now addressed as Sgt. James Nielsen, Co. G, 57th Ord. Reg. (HM) (Q), Camp Shelby, Hattiesburg, Miss.

James says that he has received the Antioch News regularly and appreciates reading about the home folks.

— V —
Pvt. Chester B. Runyard has been promoted to Corporal with change in address. Congrats. Corp. Chester B. Runyard, 6th Signal Co., 6th Motor Div., A. P. O. 6, Nashville, Tenn.

— V —
Kenneth C. Hills has been promoted and is now addressed as Kenneth C. Hills, Chief Carpenter Mate, Box 8, N. A. S., San Juan, Porto Rico.

Again congrats. Our boys do get around.

— V —
Some address changes received to date:

Pvt. Herbert Prange 62nd CART—AA, A.P.O. 1268 care Postmaster, New York City, N. Y.

Pvt. J. H. Sorenson 36327849, Q. M. Depot Det., A. P. O. 950, care Postmaster, San Francisco, Cal.

Charles W. Rudolph 36306868, 60th Troop Carrier Gp., 12th Troop Carrier Sq., A. P. O. New York City, N. Y.

— V —
Now this week on the New's mailing list is Cadet Ted Larson, son of Mr. and Mrs. P. T. Larson of Antioch, whose address is: Sept. Class, Coast Guard Academy, New London, Conn.

— V —
E. H. Kaufmann, stationed at the U. S. Naval Air station, Kodiak, Alaska, now holds the rating of Ensign.

— V —
Pvt. James F. Horan, recently inducted into the service, is now with Troop D, 6th Sqdn., Army Barracks 2525, CRTC, Fort Riley, Kansas.

— V —
Pvt. Frank B. Sciaccaro may be addressed Co. H, 3rd Bn., 126th Ord. Motor Base Regt., Camp Butler, N. Carolina.

— V —
Also new on our list this week are: Pvt. Joe Pichen, Hqs. Hqs. Co., 553rd Eng. Shore Regt., Camp Edwards, Massachusetts.

A. J. Pregoner, Private 1st class, 64th Signal Co., Service Group, Will Rogers Field, Oklahoma City, Okla.

Pvt. W. C. Edlmann, 371st I. S. S. Brks. 130, Scott Field, Illinois.

These Items Please The 'Younger Set'

Velveteen and Corduroy Are Top Favorites.

By CHERIE NICHOLAS

Among the new-this-season enthusiasms of college and schoolgirl, one which stands well high at the top of the list is the jumper dress being turned out in versatile materials that run the gamut from denim and gingham and crinkly seersucker to velvet, woolknit weaves and, that which is smart, the jumper of richly colorful supple suede.

The jumper as now designed has the widest approval of the younger set who have made it the logical successor to the "broomstick" skirt and dirndls of last year's popularity. It holds forth not only in lower-priced versions for junior fashion followers but in more important styles it is adapted to misses' and women's needs. It is the proud boast of the jumper dress that you can create of it something very dressy (velvet for jumper, lace for blouse), or in gabbardine, denim corduroy and so on, with a tailored or print blouse in flamboyant florals, it becomes an outfit of utmost practicality for casual or sports wear.

A velveteen sports suit, plus an evening skirt and slacks of the same material, just about constitutes an entire wardrobe, and the group as a whole is definitely a good buy.

Then there are the new knitted fabrics that are being introduced this season. A coat dress of plaid knit fabric is one of the delights in store for the girl who is assembling her back-to-school wardrobe.

New nylon sweaters are creating nothing less than a sensation and every young girl will be wanting a bright "lopper" in wide wale corduroy with a doringly colorful quilted lining. College girls, especially, like culottes and slacks, two-piece dresses in dark rayon or tubular cottons in new fall colors, dressy town sheers and a formal dance frock or two. The loveliest of these dance frocks come in sheer cottons, especially the new tissue-like crinkly seersuckers.

There's a "rush" on for jewel-colored velveteens, and corduroy flourishes in the mode for all it is worth this fall.

And in the little things you'll be buying embroidered suspenders to go with your corduroy skirts. You'll be wanting a beret as flat as a powder puff. Your hair is going to get braided and look as neat as can be. You will look like a gypsy queen in the now, gage fringed shawls. The new soft peasant blouses will intrigue and, oh, yes, don't forget to inquire about anklet bracelets, personalized with your name hand-engraved.

Monogrammed

Here is one of those charming little black gowns so indispensable in every woman's wardrobe, to have and to hold in readiness when occasion demands. It has a flattering sheer yoke which definitely marks it for dressy wear. The unique thing about this yoke is that it is monogrammed in most dignified lettering in accordance with the monogram had going the rounds. If you are patriotically practicing clothes conservation, and if you have a black crepe gown which needs only some little touch to convert it into a dressier type, a grand idea would be to top it with a yoke after the manner pictured. Go into conference with your dressmaker if you cannot sew, and the rest will be easy.

Fads and Fancies

A fabric made from milk casein has been produced as a satisfactory lining for coats. It will do the work of wool so far as warmth is concerned and will be widely used because of the ban on wool interlinings. The fact that it is practically without weight is another reason why it is destined to be in widespread use.

In the same manner that men wear watch chains extending from pocket to pocket women are stretching military chains from side to side across from one breast-pocket to the other on their suits, or, if there are no pockets, the chains are finished off with twin brooches which pin into the jacket itself.

When you buy the new black crepe frock for fall, be sure to take a look at the newer models that boast ornamental sterling silver zippers. Ever so "classy" and fashion-right!

Autumn Clothes Will Be Colorful

'Chinese' and 'Russian' Shades Seen.

By CHERIE NICHOLAS

Spurred by the challenge to ingenuity in the restrictions that have to do with fabric conservation, designers meet the situation with an emphasis on color that gives variety and a distinctly new color technique.

The new "mosaic blouse" excels in color drama. It is made of squares seamed together and introduces a tri-color scheme. Then, too, some of the smartest dresses and suits play up color contrasts in revers, collars, cuffs, entire sleeves, and often the dress is all one color with the exception of the bodice part of the blouse which stands out boldly in contrast to monotone sleeves and skirt.

A brief color analysis of fall trends would reveal that red is going merrily on, that slate blues are being well accepted. The bluer shades, such as "pilot" are the newer. A surprise color is royal blue for coats, which lifts them right out of the ordinary. Gray is looming up, as are cocoa brown and various nut browns. Green is repeating its success. Pastels are the big interest in junior dresses.

Dark, rich jewel shades in satin for slim wraparound dresses are distinctly Autumn 1942. As to colorful velveteens, their name is legion.

Chinese blue and Chinese jade, "Mingo," a new orange yellow, comes with Russian purple and Russian red. Odd combinations give variety, such as magenta with dark green, plum with red. Plaids with all their wealth of color are "in" again, and black is enlivened with colorful details and accessories in spectacular ways. Corsets of red, white and blue flowers and jewelry in patriotic colors are also smart.

Denim for Work

The call for "workaday" clothes was never more insistent than now when so many women are engaged in war industries, working on farms or in factories, riding "bikes" to and from work, working their Victory Gardens and making themselves generally useful. Shown here is an overall outfit that is designed for hard-work service. Made of blue denim (than which there is no harder dependable material) the overall is fashioned so that it may be worn with or without the flowered-cotton blouse. Deep pockets provide plenty of room for incidental tools.

Side Closing Seen Most Frequently

Fewer center front closings are seen this season, with the emphasis given to side closings which have the "new" look. Very chic are the new under-the-arm closings. Smart, too, are the newer frocks which button right down the side seam from under the arm down to the skirt hemline.

Prevailing influences in costume design are Chinese and Russian, and the manner in which many of their native costumes fasten down one side is being adopted by our own style creators.

Suit jackets tie to one side, as do many of the full-length coats. Blouses also subscribe to the new movement. Surpluses go to the extreme of being brought way under the arm to one side.

Style Notes

Color, notably royal blue, will play an important role in coats. Chinese and Russian influences are reflected throughout fall fashions.

Dark cottons for fall wear are exploited in advance fashion displays.

It's going to be an important season for velveteen suits in rich colors.

Draped satin dresses in deep, dark colors are shown in new collections.

The "little black dress" in definitely slenderizing "lines" leads in the autumn style parade.

Appoint Committee to Serve on County Farm Ration Board

A committee composed of three farmers, headed by Chester A. Faulkner, Lake County USDA War Board and AAA chairman, will serve on the county farm machinery rationing committee which has been established under direction of the U. S. Department of Agriculture.

Other members of the committee are John C. Wirtz, Mundelein, Ill., and D. J. McCaughey, Gurnee, Ill.

All farm machinery in the hands of dealers was frozen temporarily as a result of an order from the Department of Agriculture Sept. 17.

Farm machinery in one classification, known as Group A, which is scarce and especially needed to meet current agricultural needs, may be sold only upon approval by the county rationing committee. Machinery in a second category, Group B, including items somewhat less scarce, may be sold upon certification by the farmer to the dealer that it is required to meet farming needs. A third classification, Group C, includes the smaller items that may be sold without restrictions.

Group A includes combines, corn pickers, disc harrows, feed grinders, fertilizer, manure and lime spreaders, grain drills, grain elevators, hay balers, milk coolers, milking machines, pickup balers, potato diggers, shredders, tractors, including garden tractors, beet lifters and beet loaders.

Group B includes most planting and seeding machinery, plows, listers, harrows, rollers, cultivators, weeder, grain and corn binders, haying machinery, engines, wagons, cream separators, sprayers, water system equipment, barn and barnyard equipment, poultry farm equipment and other miscellaneous machinery and equipment.

In Group C, on which there are no restrictions, are hand tools, such as hoes, rakes, forks, scythes, shovels, and all hand-operated and one and two horse drawn farm machinery and equipment not included in Group A.

County rationing committees are authorized to approve an application for machinery if machinery is inadequate, cannot be repaired or if an applicant cannot meet farm goals by renting machinery or by custom or exchange work. A purchaser must turn in replaced equipment and agree to rent or let others use the new machinery, on specified terms and conditions.

Applicants who are refused certification for machinery purchase may appeal to the State USDA War Board and then to the Special Board assistant to the Secretary of Agriculture.

A list of applicants receiving certificates and the equipment which they purchase will be kept available for inspection in the county rationing committee office, and will be made available for publication.

Committee headquarters will be in the County AAA office at Grayslake, Ill.

Local P. T. A.'s to Observe Illinois Parent-Teacher Week, October 4 to 10

"On Guard for America's Children" will be the theme for the activity program of local parent-teacher associations during the week of October 4-10, which has been designated "Illinois Parent-Teacher Week." An appropriate proclamation to this effect has been issued by Governor Dwight H. Green.

The observance in this state follows a custom of several years' standing and is in harmony with a proclamation issued by Mrs. William H. Kletzer, Portland, Oregon, president, National Congress of Parents and Teachers, which designated the entire month of October as "Membership Enrollment Month" throughout the nation.

Mrs. Elmer Droste, Mt. Olive, chairman of the committee on membership and hospitality, has adopted as the slogan for membership, "Parents, Teachers, Adults, Enlist Now for Child Welfare." This slogan emphasizes that membership in a parent-teacher association is the initial step in being "On Guard for America's Children," the theme for Illinois Parent-Teacher Week.

The Illinois Congress of Parents and Teachers closed its books on April 1, 1942, with 193,213 members in 1,630 local units. This is a gain of 16,284 members. In national membership California tops the list with 284,879 members; Illinois is second and Ohio is a close third with 192,825. The goal for this year will be exceeding that set for 1942, of 200,000 members.

County Council P. T. A. To Meet at Mundelein

The Mundelein Grade School P. T. A. will be host to the Lake County Council of the Parent-Teacher association, at its first meeting of the 1942-1943 season, on Tuesday evening, Oct.

WEEKLY NEWS ANALYSIS

Curb on U. S. Civilian Meat Consumption Eases Supply Problem for Armed Forces; Hitler's Russian Time-Table Slowed Up; 'Work or Fight' Is Edict of Draft Head

(EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysis and not necessarily of this newspaper.)
Released by Western Newspaper Union.

Two Australian seamen, W. D. McBurnie (left) and P. E. Miller, are brought ashore in a lighter at an Australian seaport after being wounded in action in the Solomon Islands. They are survivors of the Australian ship Canberra which was lost in action when American marines and naval units supported by Australian forces made their historic attack on the Japanese-held Solomon Islands.

RUSSIA: 'If Winter Comes'

Chill autumnal winds that sweep the Russian steppes had reminded the Nazi invaders that Adolf Hitler's timetable of conquest was behind schedule. Every day the Russian lines held was that much time lost for the Germans. Every day they held was that much closer to winter.

Up the Volga river from the Caspian sea to beleaguered Stalingrad had come a Soviet naval flotilla. There, southeast of the city proper, the ships poured shellfire on the attacking Germans, answering the thunder of the big guns the Nazis were using to reduce the city. Meanwhile tank battles, air assaults and hand-to-hand encounters had raged in and around the city.

While the heroic Red forces had held their ground and even forced the Germans back in places, the situation remained grave. Defeat on the Volga would mean incalculable injury to the Russian war effort, with vital communications disrupted and the connecting Red armies of South and Central Russia split.

In the Caucasus, the Germans still had goals to reach. Still in the hands of the stout-hearted Red defenders was the south and eastern half of the peninsula.

DRAFT EDICT: 'Work or Fight'

A "work or fight" edict to end the occupational deferment of men who stay away from their jobs or go on strike in war plants loomed as Maj. Gen. Lewis B. Hershey, director of selective service, made public an amendment to selective service regulations which stated:

"Whenever the director of selective service advises a local board that a deferred registrant or group of deferred registrants is not supporting or is adversely affecting the war effort or the national health, safety or interest, the local board shall immediately terminate the deferment and consider anew the classification of such registrant or registrants."

Local boards hitherto had authority to reclassify such persons and in a number of instances had done so.

ALEUTIANS: 'Japs' Wings Clipped

Heartening news from Alaska was brought to Washington by Congressman Warren G. Magnuson on his return from an official visit to American fighting forces in the north. The navy, said Mr. Magnuson, had definitely turned Japanese occupation of the Aleutian islands to our advantage.

"The situation is good in Alaska," he said. "The joint army and navy command is clearly now offensive-minded. The occupation of the Aleutian islands by Japan has been turned to our advantage by the navy, giving us the opportunity to sink Japanese ships we otherwise would have been unable to get to."

"The navy has clipped Japan's offensive wings if she had any idea of using the Aleutians as a stepping stone for an attack against Alaska."

HIGHLIGHTS . . . in the week's news

MEXICO CITY: Reporting that higher prices for silver bullion in the United States were draining off Mexican silver money, the treasury ministry announced that it had banned the export of silver coins. The ruling would have the effect of making Mexican citizens and tourists leave their change behind when they crossed into the United States, thus conserving the supply.

MARSHFIELD: Old 102, a railroad engine that served throughout the World War on Coos county, Ore., tracks and was well-known in logging circles throughout the Pacific Northwest, has joined the army in northeastern Oregon. It was announced here. The locomotive, now an oil burner, first used coal when it went into operation 30 years ago. It is now hauling supplies.

MADAGASCAR: Safe for Allies

Active Vichy French resistance on the island of Madagascar came to an end when British occupation forces supported by South African armored units and East African troops took over Tananarive, capital of the strategic island.

The communique that told of the British capture of Tananarive also disclosed that Antalya, 200 miles from the northern tip of Madagascar on the island's northeast coast was also occupied.

Allied control of Madagascar, lying athwart Africa's southeast coast and commanding sea lanes from Capetown to Cairo and to Australia and India meant that a strategic setback had been handed the Axis. It had been known that the Vichy authorities on the island had been friendly to Axis agents and it had even been reported that Japanese submarines had put into out-of-the-way harbors on the island for fuel and supplies for their forays against United Nations shipping in the Indian ocean.

SCRAP METAL: Need 17 Mill on Tons

America had stopped living on its metal "fat" and now must dip back 40 years for steel and iron junk, leading steel producers declared in assaying the nation's critical scrap metal situation.

"Many millions of tons of iron and steel scrap must be collected if the tremendous tonnage of steel needed in the nation's war effort is to be produced," said Eugene R. Grace, president of the Bethlehem Steel corporation.

At least 17 million tons of scrap would be needed before January 1, when war production was scheduled to reach its peak. Monthly consumption of scrap was running about four million tons, the greatest in history, but still not enough.

"Every farmer and every householder has a heavy responsibility for the country's production of guns, tanks, ships and shells," said Ralph H. Watson, vice president of the U. S. Steel corporation. "The recovery of scrap is one of the most important war jobs facing America today."

NAVY: Gains on Subs

Evidence that the United Nations were forging ahead of the Axis in the race for control of the oceans was disclosed by Chairman Carl Vinson of the house naval affairs committee in a report compiled in co-operation with the navy department. Allied shipping losses along the Atlantic coast had virtually ceased, the report said, while a five-fold increase was being achieved in the navy's shipbuilding program.

"At sea we have begun to turn the corner," said Congressman Vin-

REP. CARL VINSON
... began to turn the corner.

son. "Directly or indirectly the first fruits of American naval expansion are already influencing the course of the war."

Citing the American victories in the Solomon Islands as an indication of the offensive spirit among the United Nations, Mr. Vinson revealed that at the beginning of July, the United States was building 3,230 combat, auxiliary, patrol and mine vessels for its own navy. This compared with only 647 ships of the same category under construction a year earlier.

VATICAN: Post-War Plans?

No official announcement from the Vatican followed the conference of Myron C. Taylor with Pope Pius XII. But seasoned and matter-of-factly observers viewed the visit of President Roosevelt's personal representative to Vatican City as a step in paving the way for collaboration in post-war plans. This was given credence in the light of Mr. Taylor's subsequent conference with the British and French envoys to the Vatican and the representatives of conquered Poland and Yugoslavia.

Immediately in the foreground as reasons for Mr. Taylor's journey to Rome were: the need to discuss American interests in protecting American Catholics in Japanese-occupied territory; relations between the United States and South American countries; and the American government's protest to Vichy against persecution of the Jews, in the hope that the Vatican formally would support the protests.

But over and above these immediate objectives appeared the possibility that the groundwork was being laid for post-war collaboration.

Bureau Sold for \$1; Drawer Holds \$876

LANCASTER, PA. — James Figari, second-hand furniture dealer, picked up an old bureau at an auction for \$1.

Now attorneys for the estate of the woman who originally owned it are trying to recover it. For a youth poking around it found \$876 in gold pieces and bank notes in a secret drawer.

Man Killers Are Puzzle to Police

Girls Don't Miss When They Shoot for Love.

NEW ORLEANS.—This is a problem that stumps a lot of policemen: Take a woman (not one of those college Annie Oakleys, of course) out to the target range, put a pistol in her hand, and she can't even nick the white of the target.

But when "she shoots him because she loves him" she never misses. Sgt. Preston Friloux, the New Orleans police department's firearms instructor for the last 12 years, should have some idea about it, but declares:

"I just can't make it out. It seems they close their eyes, point the muzzle of a gun at their target, pull the trigger, and bingo—the object of their affections hits the floor."

"And the bullet nearly always hits a vital spot. But I've taken many of 'em to the police pistol range, put a revolver in their hands and watched 'em go to pieces. They were unable to hit the white of the target from 10 feet away. They seemed too timid and frightened."

"I haven't heard of any that missed the mark when they were shooting at the real thing."

Clerk Patrick O'Brien, a 24 year veteran who has "handled more women shooting than I can remember," said he'd found that "in most cases only one bullet does the job," but added, "Don't ask me to explain—it can't be done."

"He picked up, as an example, the record of a shooting in which a man was killed by one shot fired by a woman who had never even discharged a cap pistol before."

George Reyer, superintendent of police who has broken many a bank robbery, can't crack this case.

"I've often wondered about it," he admitted, "but it's beyond me. There must be a reason. Our record room is filled with reports of women picking up a revolver for the first time in their lives and putting a bullet into a man. They don't ever miss."

John J. Grosch, chief of detectives, passed it off with: "They're just natural born marksmen when they want to shoot him because they love him."

'Baked Cushion' Saves Walter's Head in Wreck

ROCK SPRINGS, WYO.—A one point landing on a chocolate cake probably saved Walter Lietz from more serious injury than a frosty pate in an automobile accident near here.

The Lietz car rolled over twice when a tire blew out.

"Are you hurt?" inquired Mrs. Lietz as she and her husband gingerly tested themselves for injuries after crawling clear.

"My head feels funny," said Lietz, reaching to remove his hat. "It's gummy!"

His hat was gone, but there was a covering on his head. "Looks like some of the upholstery," said Mrs. Lietz, inspecting it.

"I think it's that insulation material I bought recently," Lietz speculated.

Then Mrs. Lietz gasped, peered into the back of the car and groaned. Lietz's halo was the chocolate frosting of the homemade cake that had been on the back seat when the upset occurred.

Bristling With Guns—This Fellow Really Was!

SACRAMENTO, CALIF.—E. B. Prosser of Spring Valley, Minn., is almost a one-man armory.

He wrote Gov. Culbert Olson that he intended to take a job as a guard in San Diego and that he would like a permit to bring his 13 guns into the state.

If he found he would not need them all, Prosser said he was willing to donate the extra ones to the state, understanding that there was a shortage of weapons in California.

Prosser said his personal arms included three high-powered rifles, one .22-caliber rifle, two shotguns and seven automatic pistols and revolvers.

Detective Traps Queen

As Bees Block Traffic TACOMA, WASH.—Detective Captain Bill Farrar is a specialist—akin to a bomb-disposal squad.

A swarm of bees blocked traffic at a downtown intersection. The captain was called. He set up a hive, insured "Return to Captain Farrar, insured, nightfall," and deftly pushed the queen inside the hive and went back to headquarters.

"They'll be in by dark," he predicted. They were, and off they went to his farm to join 10 other swarms collected the same way.

War Also Brings Livestock Diseases

U. S. Veterinarians Mobilize for Action

(Special to Western Newspaper Union.)

Will American farmers, in this war, be able to keep down the livestock plagues which have cut so seriously into the nation's food production in some of our former wars? Will we be able to deliver the millions of tons of food needed to help win the war for ourselves and our allies?

These questions are causing serious concern to farm and livestock leaders this spring, and definite steps are already being taken to throw every possible safeguard around the nation's livestock production machinery during this critical 1942.

One of the most important steps in this direction is being taken this month with the mobilizing of the entire veterinary profession from coast to coast, under preparedness committees named by the various state veterinary medical associations.

Another step is the inspection service now being maintained at all important ports of entry into the United States. Every animal brought in from a foreign country is given a thorough examination by government veterinarians to make sure that foreign livestock plagues are not brought in to threaten our home herds.

Civil War Epidemic.

That serious outbreaks of livestock disease could wreck certain phases of our food producing effort is evidenced by the history of some of America's former wars. During the Civil war, for example, our cattle population was virtually wiped out in some sections by Texas fever. Cattle in other areas were devastated by outbreaks of pleuropneumonia. Large sections of the swine belt experienced severe outbreaks of hog cholera. As a result, meat supplies for our armies were strictly limited, and "hard tack and sow belly" became a by-word among soldiers of the Civil war.

With livestock disease controls broken down, Europe's great food producing regions are being swept today by severe outbreaks, which are adding their share to starvation conditions in the war-torn regions.

"America is the most healthful country in the world for livestock and we intend to keep it so despite the stress of war conditions," Dr. H. W. Jackson, president of the American Veterinary Medical association, said this week in reporting upon the wartime program of the veterinary profession.

Steps by which farmers can co-operate in the campaign against preventable livestock disease include:

Raising pigs on clean ground, free from manure, and avoiding infection by disease germs lurking in old hog lots.

Calfhood vaccination to prevent loss of life and income from loss of a calf's disease losses. Inspection, aggregation, and treatment of dairy cattle for mastitis.

Immunization of horses against encephalomyelitis before the insect and mosquito season.

Isolation of newly purchased livestock from the home herd for a safe period to avoid spreading diseases, and quarantine of livestock from other herds.

Prompt diagnosis by a qualified veterinarian at the first signs of livestock illness.

Ready and Able

Agriculture today is in many ways better organized to meet the increased production of farm products which we need to feed our armies and those of the United Nations. Yet care should be exercised to see that soil resources are not depleted for the sake of temporary gains. Also that the fertility resources of the soil are not wasted.

Avoid plowing land with chows of 25 per cent or better, practice contour or strip cropping of cover crops for soil protection. These are just a few of the practices suggested. Farmers can do well to consult their county agricultural agents for help in preventing erosion and the depletion of soil elements.

ALFALFA BREEDERS 'GOIN' TO TOWN' WITH NEW STRAINS

Alfalfa breeders are "goin' to town"—literally—with some of the promising new strains that yield well and are resistant to disease and weather injury. This is because a vacant lot in a town is likely to be the best place available to increase small quantities of seed with reasonable assurance of protecting it from contamination by improved alfalfa that will affect the new strains.

Harold Bonner returned to school at Michigan State college last Thursday after three weeks vacation with his parents, Mr. and Mrs. W. M. Bonner.

Miss Jean Bonner of Winnetka spent the week-end at the Gordon Bonner home.

Miss May Dodge returned to her home in Peoria this week, after spending several weeks with her cousins, at the Will and Gordon Bonner homes. John Dickey and son, Edward, and Harry Bronson of Forest Park were supper guests at the D. H. Webb home Sunday.

The Frank Hauser family spent Sunday afternoon with relatives at Pleasant Prairie.

Rev. L. H. Messersmith of Nebraska, who will be pastor at Millburn church, will preach his first sermon Sunday, Oct. 4, and a cordial invitation is extended to all in the community to attend.

LAKE VILLA

The Woman's Society of Christian Service will hold its next regular meeting on Wednesday, Oct. 7, with Mrs. Ben Cribb in connection with the quarterly pot luck birthday dinner for those having birthdays in July, August and September. All the ladies of the community, especially those interested in the church, are invited.

A social time will be held at the village hall on Friday evening of this week by the members of the church board and the public is invited. Hugs will be one of the features and refreshments will be served. Come and have a good time.

Mrs. Blumenschein has accepted a nursing case at Libertyville and will be gone for two weeks at least.

Mrs. Frank Wood entertained the L. V. Sewing club at a luncheon at her home on Tuesday afternoon of last week.

Miss Mary Kay Lynn, the daughter of Mrs. Fred Lynn of Lake Villa, has been chosen as a member of the MacMurray College choir. The college choir is a select group of the best singers and musicians who will present fine music during the college year. Miss Lynn, a sophomore at MacMurray, is a business administration major.

Next Sunday, Oct. 4, is World Wide Communion Sunday and unless you are a regular worshiper elsewhere you will be very welcome at the Community church.

Mr. and Mrs. Lloyd Arwell and son, Lloyd, Jr., drove to Joliet last Sunday and visited Mr. and Mrs. Chalmers Woolley, nee Jean Culver, and Mrs. Alice Culver, who had been visiting there returned to her home at Round Lake.

Mrs. Walter Schneider and Mrs. Leonard Schneider accompanied Maynard Schneider to Kenosha Tuesday, when he entered a Kenosha hospital for surgery.

Mrs. Anna Pratt of Oak Grove is a member of the Park Heights church. She and Mr. Pratt were married in 1914 and have three children. The death of their son, a son of the late Mr. Pratt, was announced last week.

Mrs. J. J. Pratt of Oak Grove is a member of the Park Heights church. She and Mr. Pratt were married in 1914 and have three children. The death of their son, a son of the late Mr. Pratt, was announced last week.

Mr. and Mrs. J. J. Pratt of Oak Grove are expecting a baby. The baby is expected to be born in the latter part of the month.

SALEM

Mrs. Janet Fletcher and Mrs. Arthur Bloss, Sr. spent Tuesday visiting relatives at Aurora, Ill.

Callers at the Byron Patrick home Tuesday were Mrs. Lillian Montgomery, Kilbourne, Wis. and Mrs. Hazel Olson of Madison and Mr. and Mrs. William Kruckman of Burlington.

Mrs. Natalie Stroupe and Mrs. Lester Dix spent Tuesday with their sister, Mrs. Marshall Williams at Oak Park, Ill.

Mr. and Mrs. Frank Schmidt entertained at dinner Sunday for Mr. and Mrs. Walter Schmidt and family of Genoa City, Mr. and Mrs. Alfred Schmidt and children, Bobbie and Larry, and Mr. and Mrs. Henry Frantely.

Harold Vandenberg accompanied his cousin, Clifford Foches of Kenosha to Chicago Friday on business.

Mr. and Mrs. E. H. Hartnell spent Friday in Rockford, Ill.

Mr. and Mrs. E. T. Manning are spending a week's vacation in Northern Wisconsin.

Mr. and Mrs. George Biemer celebrated their twenty-fifth wedding anniversary Saturday evening. Those present to offer them best wishes were Mr. and Mrs. Frank Fox, Mr. and Mrs. Vern Stockwell, Mr. and Mrs. C. V. Cook, Mr. and Mrs. Minor Hartnell, Mr. and Mrs. Herman Schultz, Mr. and Mrs. Lyle Woodbury, Mr. and Mrs. Clarence King, Mr. and Mrs. Gene Hartnell, Mr. and Mrs. Alfred Schmidt, Mr. and Mrs. Byron Patrick, Mr. and Mrs. Willis Sheen, Mr. and Mrs. Andrew Fennema, Mr. and Mrs. Ernest Schattin, Mr. and Mrs. Lanse and daughter. The evening was spent in playing cards. A delicious luncheon was served and Mr. and Mrs. Biemer were presented with a gift of silver dollars.

Mr. and Mrs. Alfred Schmidt and children were Burlington shoppers Saturday.

Mr. Jackson of Paddock Lake is painting Miss Olive Hope's house.

Mrs. Earl Elfers and children, Karen and Thomas Earl, and Mrs. William Evans called on Mrs. Luana Patrick Saturday afternoon.

Mr. and Mrs. Arthur Feldkamp and Mr. and Mrs. Orville Riggs are spending two weeks fishing and hunting in northern Wisconsin.

Harold Vandenberg and Ray Patrick spent Saturday evening in White-water.

Mr. and Mrs. John Krueger of Chicago called on Mr. and Mrs. Byron Patrick Sunday afternoon.

Miss Margaret Little of California and Mr. and Mrs. Ogden Fletcher of Chicago spent Sunday with Mrs. Janet Fletcher.

Sunday evening supper guests of Mr. and Mrs. Byron Patrick were

Mrs. Gertrude Davis and daughters, Mary Jane and Kathryn, of Bassett, Mrs. Lottie Leut and son, Francis, of Glendale, Cal.

Arthur Hartnell, Alfred Schmidt and Byron Patrick attended the firemen's meeting at Wilmot Monday evening.

Mr. and Mrs. Frank Dix and son, Billie, were Kenosha shoppers Saturday afternoon.

Marvin Fennema of Kenosha spent Friday evening with Mr. and Mrs. E. H. Hartnell. On Oct. 2, Marvin will leave for Fort Sheridan where he will enter the armed forces.

The annual Rally Day program was held Sunday morning in the Salem M. E. church. A program was put on by members of the Sunday school. Those receiving awards for perfect attendance in Sunday school were: first year—Judith Ann Dix, Philip Krahn, Richard DeGroat, Margaret Schultz, and Donald Dix; 2nd year: Francis Dix, Dorothy Dix, Joyce Dix, Lloyd Baysinger, Jerry Baysinger, Robert Baysinger; 3rd year—Kathleen Richards; 4th year—Betty Stoen, Jean Nelson, Donald Richards, June Hartnell, Marjorie Stoen, Glenn Nelson; 5th year—Arthur Bushing, Frankie Hartnell, Freddie Bushing, Grace Stephens; 7th year—Ray Patrick.

WILMOT

Mr. and Mrs. Russell Schmalzfeldt of Kansasville spent Sunday afternoon at the home of Mr. and Mrs. Paul Ganzlin.

Misses Grace and Erminie Carey, accompanied by Dick Carey and Mr. and Mrs. Irving Carey of Antioch, attended the Notre Dame and Wisconsin football game, held in Madison Saturday afternoon.

Mrs. T. C. Loftus has gone to Zion, Ill., to spend the winter months with her daughter and husband, Mr. and Mrs. Ray Ferry.

Mrs. Herbert Sarbacker spent several days with her parents, Mr. and Mrs. John R. West, at Zion.

The Peace Lutheran Ladies Aid society will meet this (Thursday) afternoon, Oct. 1, at 2:00 p. m. The Young People's society will hold their regular meeting at the Lutheran hall on Monday evening, Oct. 5, at 8:00 o'clock.

Services at the Peace Evangelical Lutheran church on Sunday, Oct. 4, are as follows: Sunday School, 8:45 A. M.; English Worship, 9:30 A. M., and German service at 10:45 A. M.

Alfred Sarbacker, Milwaukee, spent Saturday afternoon at the home of his brother, Herbert Sarbacker.

The Wilmot Volunteer Fire department held their regular meeting Monday evening in their new building. Approximately 75 attended, which in-

cluded members from Twin Lakes, Silver Lake, Richmond and Salem departments. The meeting was called to order by the president, M. M. Schnurr and the visiting firemen were welcomed and invited to inspect the new structure by the fire chief, Herbert Sarbacker.

Several loads of filling have been brought in to level with the road and it was voted to ask volunteer help for leveling this on Thursday. A new member, Guy Loftus, was voted into the department. After disposing of the regular business, refreshments were served to members and guests by an appointed committee.

Misses Grace and Erminie Carey called on their sister, Mrs. Wallace Dohy, Sunday, and Dick Carey, who accompanied them to Moline, visited his parents, Mr. and Mrs. Walter Carey.

Mrs. Paul Voss spent the past week with her sister, Mrs. Clyde Wilson, at Richmond, returning to her home Sunday.

Mrs. Selma Jedele of Antioch spent Monday afternoon with Mrs. Gust Neuman.

Mr. and Mrs. Harry McDougall entertained at a dinner Sunday for Mr. and Mrs. Don Herrick and son, Milton, of Oak Park, Mr. and Mrs. Russell Elwood and family and Mr. and Mrs. Lyle McDougall.

Training for Victory

By Rufus T. Strohm

Dean, International Correspondence Schools

INDUSTRY must continue to expand if it is to produce all of the goods required for war and civilian uses. More and more trained persons will be needed to keep production lines moving. And industry is finding it increasingly difficult to carry out satisfactory training programs.

These facts are important to every individual, especially the man who may be willing to devote his spare time to preparation for a more responsible job. He undoubtedly will profit by self-help, and his employer may not be able to provide a complete training program.

Training can be effective and adequate only when it is a combination of actual work in a plant and study that pertains to the job. The best correspondence instruction makes provision for individual differences of temperament, capacity and environment. The student maintains his own particular rate of progress, without regard to the abilities or tendencies of others.

Most of us have our work planned for us, but we are wasteful with our own time. If we could be half as ambitious and sincere in utilizing the hours that are spent away from the work bench, we would not need to be reminded that "There is less time than you think."

Suggestions on
how to be prepared for the next

BLACKOUT

Just turn out lights... don't pull main switch

Pulling main switches needlessly reduces the efficient operation of a home. There are many electric appliances that serve a vital household function without casting a light. Ranges, oil burners, water heaters, refrigerators, clocks, radios — any break in their operation lessens the efficiency of the home.

Make your home livable during blackouts

A blackout, especially a long one, may have a harmful, depressing effect on your family—unless some part of your home is specially prepared for living under blackout conditions.

You may want to select one room as a "refuge room," and black out its windows so that the family can gather in cheerful surroundings. Also, you may want to black out the bathroom window. It's a good idea to make the same preparations for your kitchen, too, in case of a prolonged blackout.

Write out your "blackout schedule"

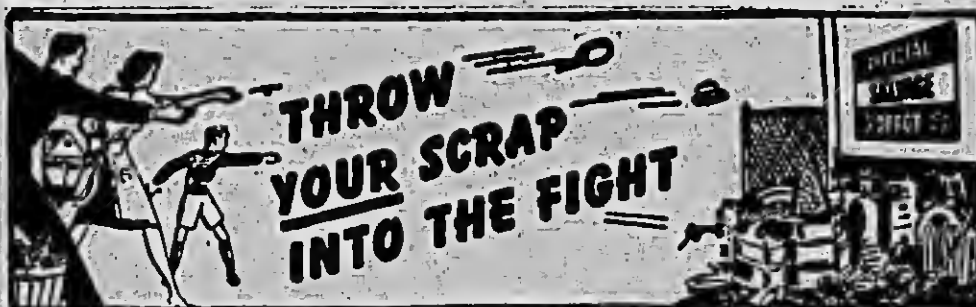

Don't leave the blacking out of your home to chance. Make a list of all the things that have to be done. Appoint one member of the family to be responsible, with a substitute to serve in his absence.

If you plan to be away from home during the evening, and wish to leave a light burning, be sure to make some arrangement with a neighbor. Remember, even "practice" blackouts may come without warning!

SINCE the United States Army can order blackouts whenever advisable, wise householders already have definite plans for blacking out their homes with the greatest efficiency.

Read your newspapers carefully for blackout regulations issued by Civilian Defense authorities. Here are some suggestions and reminders that will help you carry out the official regulations in your home.

SEQUOIT NEWS

Edited by Students of Antioch Township High School

Sequoits Battle Warren to 7-7 Tie

Will Play First Home Game with Barrington Friday

In a hotly contested football game played against Warren at Gurnee last Friday, the Antioch Sequoits had to return home satisfied with a 7 to 7 tie. The game was hard fought throughout with the Warren Blue Devils scoring the first touchdown late in the second quarter. They also converted for the extra point, making the score 7 to 0 as the gun sounded ending the first half.

The Antioch eleven came back in the second half rejuvenated and inspired ball team. The Sequoits dominated play throughout the second half and in a concerted drive late in the last quarter Antioch drove across for a touch-

down. The extra point was added on a fake kick with Brixen kicking the line. The game ended with the ball in midfield in Antioch's possession. Outstanding in their game with Warren were the Antioch ends, Dressel and Barnstable. Their defensive work along with Calhoun's play at tackle were high spots of the game. Barnstable's pass catching mixed with Brixen's line smashes made the Antioch attack dangerous at all times. The team on the whole showed much improvement since their McHenry game. The Sequoits eleven by their great improvement, make it known that they are a team to be reckoned with, although Coach Wolfenbarger was not entirely satisfied with their playing. He feels confident the past mistakes against the Warren eleven can be ironed out in practice before Antioch tangles with their Barrington rivals this coming Friday.

The lineup for the Warren game: L.E. Barnstable; L.F. Dalbke; L.G. Tod Maplethorpe; C. Nader; R.G. Calhoun; R.T. Wurzbach; R.E. Dressel; Q.B. Fields; R.H. Brixen; L.H. Bad Maplethorpe; and F.H. Klass.

H. S. Pep Club Holds First Meeting

The Pep Club of the Antioch Township High School held its first meeting of the year, Monday, Sept. 28. Miss Cullin and Coach Wolfenbarger were selected as faculty sponsors. Club officers elected were: Shirley Harness, president; Edna Pedersen, vice president; and Sarah McBride, secretary and treasurer. The purpose of the Pep club is to see that the spirit of "ZIP" of the school is aroused and that the cheer leaders get proper support in the yell.

With the support of the newly selected sponsors and new officers the club feels certain to accomplish all it sets out to do.

Bulls With Cameras. Detectives of Sheffield, England, are using cameras in getting evidence against men who stand on sidewalks and solicit bets on horse races.

STATEMENT OF OWNERSHIP
Management, Circulation, etc., required by the Act of Congress of August 24, 1912 and March 3, 1933 Of The Antioch News, published weekly at Antioch, Illinois, for October 1, 1942.

STATE OF ILLINOIS

COUNTY OF LAKE

Before me, a Notary Public in and for the State and county aforesaid, personally appeared H. B. Gaston, who, having been duly sworn according to law, deposes and says that he is the Owner and Publisher of The Antioch News and that the following is, to the best of his knowledge and belief, a true statement of the ownership, management, etc., of the aforesaid publication for the date shown in the above caption, required by the Act of August 24, 1912, as amended by the Act of March 3, 1933, embodied in section 411, Postal Laws and Regulations, to wit:

That the names and addresses of the publisher, editor, managing editor, and business managers are:

Publisher—H. B. Gaston, Antioch, Illinois.

Editor—H. B. Gaston, Antioch, Illinois.

Managing Editor—H. B. Gaston, Antioch, Illinois.

Business Manager—H. B. Gaston, Antioch, Illinois.

2. That the owners are, M. E. Gaston, H. B. Gaston, Antioch, Ill.

3. That the known bondholders, mortgages, and other security holders owning or holding 1 per cent or more of total amount of bonds, mortgages, or other securities are: None.

(Signed) H. B. Gaston, Publisher.

Sworn to and subscribed before me this 1st day of October, 1942.

(Seal) S. Boyer Nelson, Notary Public.

(My commission expires Jan. 5, 1943)

AN OPEN LETTER

So You Can't Take It!

Mr. W. Murphy and Mr. D. Moran: In last week's Antioch News you tried to give an alibi why you lost three games to Mr. Darnaby and Mr. Schlosser. I am very much disappointed in both of you. I thought you were both sports.

Ninety-nine percent of the American sportsmen claim games of skill are won or lost by the players, not by the fans. I am sorry you should be the 1% that doesn't think so. Why not come right out and say you were beaten by a better team and take your medicine like men? If Mr. Murphy could have made the center arch just once in the three games you might have been able to salvage one out of the three games.

Yours for better sportsmanship,
JOE PANOWSKI.

Profitable Gardens
Relief gardens in Columbia, Mo., grown with an investment of less than \$300 for seed and tools, produced \$3,000 worth of food for 85 unemployed families this year.

REPUBLICANS INDEPENDENT VOTERS DISILLUSIONED DEMOCRATS

The Chicago Kelly-Nash machine bosses are hoping that you will not register and therefore not be able to vote for Senator C. WAYLAND BROOKS and his colleagues on the Republican Congressional, Legislative, State and County tickets.

It is their scheme to drive in enough machine-controlled votes in Chicago to offset what they hope will be a small Republican vote downstate due to a light registration.

ARE YOU GOING TO LET THEM GET AWAY WITH IT?

Register now in the County Clerk's office at the County Seat. Don't wait until the last day of registration in your home precinct—October 6th.

**TO VOTE—BE SURE
TO REGISTER**
